Office Hours: Mondays 7-10 pm and available via appointment, email, conference call, and/or Zoom.

Course Description: This course will explore major world cultures and concepts of spirituality. Emphasis will be on the healthcare team and interaction with patients/clients.

Prerequisites: none

Student Learning Outcomes:

Upon successful completion of this course, the student will be able to:

1. Patient-Centered Care: Recognize individual preferences, values, and needs; anticipate the uniqueness of all individuals, families, and populations; and incorporate the patient/family/population in the plan and implementation of care.
2. Evidence Based Practice: Synthesize and apply evidence, along with clinical expertise and patient values, to improve patient outcomes related to cultural and spiritual values.
3. Teamwork and Collaboration: Function effectively in nursing and interprofessional teams and foster communication, mutual respect, and shared decision-making to achieve quality patient care.
4. Wellness and Prevention: Assess health and wellness in individuals, families, groups, communities, and populations to promote health outcomes.

Required Textbooks and Readings: There are no required texts, and online resources will be provided.

Computer Requirements: Access to a current, working computer or laptop with internet access using Firefox or Chrome browser is required for this internet-based course. The Canvas learning system works best using Firefox or Chrome browsers. It is essential to have access to a reliable PC/laptop and internet access for this course.

Technical resources: Laptops/electronic devices are required for testing with ATI. Notebooks and tablets are not compatible for ATI Products.

Artificial Intelligence in course work: Refer to the UT Website for more details @ uttyler.edu - digital learning AI.

Internet Instructions: Course modules are online in Canvas (see course calendar). UT Tyler online canvas courses use Java, JavaScript, browser plug-ins, helper application and cookies. Canvas works best using Chrome or Firefox browser. It is essential that you have these elements installed and enabled in your web browser for optimal viewing of the content and functions of your online course content. Lecture videos are optimally viewed in high definition.

	100 total

Grading Scale: Specific guidelines and grading criteria for all assignments are in the Modules. Final grades for the course will be determined based upon the following point assignments:

A - 90-100

B - 80-89

NURS 4369

C - 75-79

D - 60-74

F - Below 60

Final course grades less than 75% are not rounded up. The combined weighted calculation of all course assignments, quizzes, exams, and clinical activities must be at least 75% in order to pass the course.

Grade Appeals: Although the university policy allows 60 days for grade appeals, the School of Nursing follows a stricter timeline of 10 days to facilitate students' timely progression through the curriculum. In the case of extenuating circumstances, please consult the Associate Dean of Academic Affairs for guidance.

Academic Integrity: Cheating of any kind, as defined in Section 8 of the UT Tyler Manual of Policies and Procedures (MOPP) for Student Affairs (<https://www.uttyler.edu/mopp/>), will not be tolerated. Consequences may include:

- reprimand
- exam failure
- course failure
- expulsion from the Nursing program
- expulsion from the University
- other consequences as assigned

Exam and homework materials, questions, and problems are the intellectual property of faculty, UT Tyler, or publishers.

These materials may not be distributed without permission.

Distributing or uploading them to online resources destroys the integrity of the assignment and the course, allowing others an unfair advantage by letting them view the materials.

Uploading these materials to online resources is a violation of UT Tyler's academic misconduct policies and may result in formal conduct charges.

Sanctions for uploading or otherwise divulging the contents of these materials can include:

- a reduced or failing grade on an assignment
- a reduced or failing grade for the course
- removal from the Nursing program
- removal from UT Tyler

Late Policy: 5% will be deducted each day an assignment is past due unless prior arrangements have been made with your course faculty. Extenuating circumstances may apply.

Repeating a Course: Students repeating this course may not use previously submitted assignments nor utilize the same patients for an assignment. Submitting the same or slightly modified assignments from previous semesters is considered self-plagiarism and is subject to academic discipline, including failing the assignment or the course.

Attendance and Make-up Policy: Attendance/participation is expected. Make-up for exams, quizzes, assignments, and missed clinical time is at the instructor's discretion.

Grade Replacement: Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

Graded Course Requirements Information: Note: more details for each assignment are available on the Canvas course.

Course orientation will be recorded on Zoom online and converted to Studio video and placed in the course time.

Introduction and Surveys: These assignments include an individual presentation to the class and completing several surveys related to online learning and culture and spirituality topics.

Mastery Quizzes of multiple choice, matching, and true false questions are included for modules 1 and 2 and cover the main points of the modules.

Two reflections for modules 1 and 2 are included as students reflect on their learning.

Three case studies are included where students apply the content in each of the modules. An alternative assignment will be developing an educational product that could be used in a clinical setting, like a brochure, infographic, or handout with tips on culture or spirituality in patient care.

An interdisciplinary panel will convene on Zoom online and will be recorded for students who cannot attend in real time. Students are required to submit an example question to be asked of the panel and then to write a reflection of watching the panel. A recording of a prior panel will be available as a backup for the current panel.

A summary reflection assignment is required to reflect on the main elements of the course.
