Course Description: Advanced qualitative research that integrates classical and developing philosophical traditions, methodology, design, analysis, and interpretation is studied.

Prerequisite: NURS 6310

Student Learning Outcomes:

Upon successful completion of this course, the student will be able to:

1. Distinguish the central philosophical and methodological tenets of qualitative research.
2. Compare and contrast common methods of qualitative research and related key issues.
3. Critically analyze qualitative research.
4. Develop a qualitative proposal to study a substantive transcultural health problem.

Required Textbooks and Readings:

American Psychological Association. (2020). *Publication manual of the American Psychological Association* (7th ed.). <https://doi.org/10.1037/0000165-000> [This manual is used throughout the PhD program.]

Assignments and Weights/Percentage/Point Values

| | |
|-------------------------------------|-----|
| 1. Discussion Boards (5) @5% each | 25% |
| 2. Mini-Proposal Research Question | 5% |
| 3. Data Coding & Analysis | 20% |
| 4. Qualitative Mini-Proposal Part I | 10% |
| 5. Phenomenology: The Great Debate | 15% |
| 6. Qualitative Mini-Proposal | 25% |

Grading Scale:

Specific guidelines and grading criteria for all assignments are in the Modules. Final grades for the course will be determined based upon the following point assignments:

- A - 90-100
- B - 80-89
- C - 70-79
- D - 60-69
- F - Below 60

Grades will not be rounded when calculating the average (79.5 is not rounded to 80, and 89.5 is not rounded to 90). Students are required to achieve an average of 80% (B) to complete the course successfully.

Although the university policy allows 60 days for grade appeals, the School of Nursing follows a stricter timeline of 10 days to facilitate students' timely progression through the curriculum. In the case of extenuating circumstances, please consult the Associate Dean of Academic Affairs for guidance.

Academic Integrity: Cheating of any kind, as defined in Section 8 of the UT Tyler Manual of Policies and Procedures (MOPP) for Student Affairs (<https://www.uttyler.edu/mopp/>), will not be tolerated. Consequences may include:

- reprimand
- exam failure
- course failure
- expulsion from the Nursing program
- expulsion from the University
- other consequences as assigned

Exam and homework materials, questions, and problems are the intellectual property of faculty, UT Tyler, or publishers.

- These materials may not be distributed without permission.
- Distributing or uploading them to online resources destroys the integrity of the assignment and the course, allowing others an unfair advantage by letting them view the materials.

- Uploading these materials to online resources is a violation of UT Tyler's academic misconduct policies and may result in formal conduct charges.
- Sanctions for uploading or otherwise divulging the contents of these materials can include:
 - a reduced or failing grade on an assignment
 - a reduced or failing grade for the course
 - removal from the Nursing program
 - removal from UT Tyler

Late Policy: 5% will be deducted each day an assignment is past due unless prior arrangements have been made with your course faculty. Extenuating circumstances may apply.

Repeating a Course: Students repeating this course may not use previously submitted assignments nor utilize the same patients for an assignment. Submitting the same or slightly modified assignments from previous semesters is considered self-plagiarism and is subject to academic discipline, including failing the assignment or the course.

Attendance and Make-up Policy: Attendance/participation is expected. Make-up for exams, quizzes, assignments, and missed clinical time is at the instructor's discretion.

Graded Course Requirements Information:

Discussion Boards: Qualitative Myths, Major Qualitative Designs, Recruitment, Analysis

Mini-Proposal: Students explore all aspects of a selected qualitative research design as they conceptualize a potential qualitative research study.

The Great Debate: Teams debate whether descriptive or interpretive phenomenology is the optimal choice to explore a particular scenario.

Data Analysis: Coding transcript data and conceptualizing themes

Please Note: Detailed information along with grading rubrics for course assignments will be provided in Canvas.
