## G. Assignment Descriptions & Course Policies

### ASSIGNMENT DESCRIPTIONS

#### 1\_Various Online Discussions and E-Learning Activities (Including Collegiality (below), Conferences, and Quizzes) 20 points

\*Etiquette for online discussions:

In general, it is imperative that any online discussion maintain a polite and collegial tone. Moreover, it is important that each person express him/herself fully and with supporting detail including specific references to class texts (including videos and websites). Generally, each post should be between 100 and 250 words of well-developed and coherent connection to and thinking about a given topic. In your replies to other students, strive to maintain a positive and appreciative tone. If you do not agree with someone – then own it – rather than saying, “that’s ridiculous!” try something more like, “I appreciate that you were in a very challenging situation”. Or, “Could you say a little more about how part a connects to part b?”. As professional educators, being able to disagree and maintain a positive relationship is a valuable skill well worth continuous development.

**Collegiality** (Meet & Greet = 2.0; Coffee Meet Up =3.0) **5 points**

A. **Meet and Greet (Week 1)** 2.0 points

**Post: Start a thread and post a short self-introduction made up of a short bio, a photo, and a fun fact.** I'll will do one so you can see an example.

NOTE: I suggest that you **get this up by Friday** so that everyone can Comment by Sunday, 11:59pm.

**Comment:** Then, *by* the end of Week 1, get around to five people (go for a mix of people you know and those you don't know especially well) and respond in a brief and friendly way to their posts.

B. **Coffee Meet-Up (Network with one or more colleagues):** 3.0 points

The idea is for you to identify other literacy colleagues with whom you may share interests and/or similar teaching contexts so that, like in a face-to-face program, you may build your collegial network that may still available to you after you graduate.

Think of this as “going for coffee” with one or more other classmate(s). You can talk about your project questions, your various interests, your own contexts, and/or your own professional goals for once you complete the program.

Suggested modes: Zoom or Skype; meet in-person; phone call. For videoconferencing, I recommend Zoom as it is a platform that the university uses. I strongly encourage you to aim for a synchronous, or real-time meet up. However, I know this may not always be possible. Alternatively, you could email, or text message. most private mode is email within Canvas.

How long should the visit last?: Aim for a visit of about 15-30 minutes.

How will I know who to invite or to respond to?: You will have had an opportunity to get a sense of others through the Meet and Greet, and the Discussion Forums.

You will select your partner(s) by the end of Week 3 (via Google doc I will provide).

- **Evaluation: Write me a short “letter” and upload it to the Coffee**

**Meet-Up turnin folder.** Tell me who you reached out to, the date, time and mode of your meet-up, and a little bit about how it went. It's up to you as to whether and how you may wish to exchange any other contact information for the future.

- **DUE: "Letter" due no later than (end of Week 14).**

## 2\_Reading Workshop Experience (10 points)

This assignment is designed for *you to experience* (as an adult, that is, at *your* level) independent choice-based reading, and reading workshop. You will read an award-winning Young Adult book, discuss it, and produce a book trailer based on it. Select and acquire an award winning YA novel from a list provided. Engage in discussion with peers and with the instructor. Reading reflections. There may be a product required that you will share with class. *Specific instructions and timeline to follow.*

## 3\_ Writing Process/Memoir (25 points).

**Description:** Engaging in the workshop process, students will keep a writer's notebook, explore and develop several topics, and from those, draft two or three compositions. From those, you will select one and taking it through the writing process, and **produce one full length, piece of polished personal writing.**

**Main Tasks:** Students will engage in topic searching, development, selection via the writer's notebook; then, drafting, conferencing, revising, editing, and publishing. Engaging in and taking a piece through the workshop process, students will keep and use a writer's notebook; explore several topics, develop two or three compositions, then select one to bring to a full length, polished, five- to eight-page piece of personal writing (e.g. memoir). *Specific instructions and timeline to follow.*

**Evaluation:** Completing entries in writer's notebook in a well-developed and timely manner. Development of topics to at least one page each. Engagement in the conference process where each student gives feedback to a small group (3-4 in a group) of peers as well as receives feedback from those peers as well as from the instructor. Production of several drafts that show substantive revision from one draft to the next of the piece of personal writing -- up to the final copy. All jottings, notebook entries, conference notes, drafts, and an author's note (in which you describe and reflect on your experience in writing as well as set goals for yourself as a writer), etc. to be submitted electronically as one document. Final copy posted in class blog.

**Instructor Feedback:** Feedback will be ongoing in this project. Final feedback and grade will be available to students within two weeks of the due date.

#### 4\_ Writing & Reading Workshop Design (35 Points)

**Description:** You will write *an overview* (arc of the year) of one year's Workshop Design that uses 50% reading and 50% writing. **And, you will write curriculum for the first month** of the school year that creates the foundation for writing and reading workshop.

**Main Tasks:** Students will have an opportunity to apply what they have learned about research, process, and pedagogy to design writing and reading workshop curriculum for a specific grade level that aims to enhance the writing skills of students in real-world-school settings.

Students will design a month-long unit that focus in on successfully launching the W/R workshop and that uses personal writing to do so. You may point to what's coming next in your unit. For example, logical next-steps could be:

- genre writing and genre study (book floods, inquiry); or
- informational/research writing

Although you will not write minutely detailed daily lesson plans (like student teachers write), you will write broad lesson plans that elaborate a logical and cumulative set of goals, and experiences that you will take students through as you build toward your vision articulated in your arc of the year.

\*Your unit of study will be informed by relevant theories, research, and practice, that you cite, with respect to writing and reading workshop and to the readings, videos, and lectures in this course.

In developing the unit of study, you should provide

- (a) (arc of the year) an overarching plan for writing and reading workshop for the academic year;
- (b) a goal statement/rationale supported by research (using correct APA 7 citation style) for the year and for developing the unit for the target group of students in your selected classroom,
- (c) ELAR TEKS which are tied clearly and logically to your student learning outcomes/
- (d) the overall plan for implementing the unit of study (including mini lessons, projects etc).
- (e) the materials used in the unit of study including titles of mentor texts; samples of titles for "book floods"; and digital tools and technology that you select (using correct APA 7 citation style),

You will have an opportunity to present your proposed unit of study by using one or more digital tools of your choice. *Specific instructions and timeline to follow.*

**Evaluation:** The proposed unit of study will be evaluated based upon the extent to which you have effectively addressed and smoothly integrated a 50/50 balance of reading workshop with writing workshop supported by workshop theories and practices and carefully selected quality materials with which to value and strengthen students' literacy development and/or content learning through writing. This project will be developed and submitted in incremental stages. More

details about the specific requirements for this assignment will be provided at the appropriate time in the semester.

**Instructor Feedback:** Feedback will be ongoing in this project. Final feedback and grade will be available to students within two weeks of the due date.

### 5\_Final Exam –two parts (10 points or 10% of course grade).

Part 1: 5.0 points: The final exam will be an opportunity to share your Workshop Design and visit those of other students and to give and receive comments on your Design.

Part 2: 5.0 Program portfolio update

#### M.Ed. in Reading candidates: Program portfolio update.

This course assignment is designed to assure that you successfully and competently build your Wix Program Portfolio the goal of which is to show ways in which your work in this program has enabled you to provide evidence, aligned with state and national standards, of your preparation to become a literacy leader. The successful completion and presentation of your portfolio is a requirement for graduation from this program. Creating your portfolio will be an incremental process spanning the entirety of your time at UT Tyler. That is, this assignment is present in each course in your Masters in Education Reading program. In each course, including this one, you will

- (1) select your artifact from work accomplished this semester;
- (2) select a national standard and a state standard about which this artifact is evidence of your mastery (see examples in the Canvas Organization M.Ed. in Reading);
- (3) write a one page essay describing the assignment (minimum of 500 words). That is, what were the goals of the assignment as told to you by the instructor, and what you did to meet those goals;
- (4) write a one page essay that explains, specifically, how and why your artifact is proof that you meet those particular national and state standards (minimum of 500 words). That is, select three or four specific items that you have incorporated and explain them AND how each proves your mastery of the competencies set forth by the standards you chose.

## F. Evaluation and Grading Guidelines and Criteria

Because this is a graduate level course, expectations are high for active engagement and substantive contributions to class activities with timely completion of readings and related activities. Active engagement entails making sustained and substantive contributions by completing assigned readings on time, asking critical questions, collaborating with others asynchronously, and exploring implications and applications of knowledge gained for your own professional work.

All written work should be typed (double-spaced, using a 12 pt. Times New Roman font, with one-inch margins, & pages numbered), properly labeled, carefully proofread, edited, and show consistent and correct use of American Psychological Association (APA 7) style guidelines [ <https://libguides.uttyler.edu/citations/apa> ] for writing style, citations, and referencing. APA 7 is the style used in the scholarship of the social sciences of which the field of education is one branch.

## COURSE POLICIES

**Everything Canvas:** <http://www.uttyler.edu/canvas/>

**TECHNOLOGY: Internet; email; Canvas**

Technology will serve as our main tool for communication. Important announcements and readings will be posted on Canvas. UT-Tyler email and emails generated through Canvas will be utilized as a communication tool, as well. This is an online course – it is up to you to have reliable and continuous access to high speed internet. This class is formatted for computer use – that is, laptop or desktop.

- **It is expected that you will check your UT-Tyler email daily**, and Canvas regularly for information and announcements.
- **It is expected that everyone will have and use his/her email account associated with UT-Tyler and keep their information current with the university.**
- You have elected to take an online class, and it is your responsibility to find and maintain a stable internet connection. I suggest you locate two or three back up Wi-Fi friendly sites (e.g. Starbucks, your local public library; a friend or family member's home) in the event that your home internet service fails.

**Technology Troubles?**

Start here: <http://www.uttyler.edu/canvas/>

For any difficulties associated with technology, you may contact **IT Support** on their 24/7 student webpage, <http://www.uttyler.edu/it/support/student-support.php>

Or by phone, 800-UT TYLER or 903-565-5555 or, by email [itsupport@uttyler.edu](mailto:itsupport@uttyler.edu)

**Computer Literacy Requirement**

**You are expected to use word processing** for all assignments (unless otherwise instructed); that is, a document submitted in Plain Text is not acceptable, while Times New Roman in MS Word, is acceptable. All assignments (unless instructed otherwise) must be typed, doubled-spaced and formatted in APA style.

**When you post something to a Discussion Forum**, copy and paste your text into the message pane; do not attach a document unless the assignment specifically instructs you to do so. **Do not expect myself or classmates to have to open your documents to read your post or your response. We won't. You'll lose points.**

**PDF is the most stable** of the formatting options; however, MS Word will work for uploading some assignments.

**Internet research:** Throughout this course, you will be expected to use the Internet as a source of research, as well as that of library sources.

**UT-Tyler Online Library:** As a student at The University of Texas at Tyler, you are paying for and have access to a robust and networked university library and professional librarians whose job it is to help you. **You are expected to use the library, and to ask for help when you need it.** <http://library.uttyler.edu> This link is the homepage of the UTT library, visit it and note the CHAT feature. This can be a lifesaver!!!! Check out this help page too <http://library.uttyler.edu/help>

**Clear identification of work: Name, Date, Topic**

**All work must be neat, paginated, and properly identified with your name and page number on subsequent pages.** All files and posts must be labeled logically and informatively (e.g. Consalvo\_WDesign; or Consalvo\_Short Bio\_meet & greet; or, Consalvo\_Memoir\_date). At the top of your submitted work, you must have your first and last name, name of assignment, date due, date completed (if applicable). *I will not spend my time* figuring out (for example) what chapter questions you have turned in if it is not clearly stated in your heading. You will get a zero.

### **Plan for Printing and Scanning**

You may discover that you need to work both on- and off-line. Some readings and some writing tasks are simply better learning experiences done using paper and pencil. To that end, it is important that you establish immediately **regular and reliable access to printing and scanning services** whether you own your own printer, or that you locate two or three printers on campus and understand how they work, how to pay for copies, etc. Or, you may need to find out where the nearest copy shop is to you and set aside money for that. Access to a scanner can be a lifesaver – as some assignments may require you to hand draw or write, and to scan in those documents as a required part of the assignment as a whole.

### **Plan to Back Up Your Work!**

I also strongly recommend that you carefully save all your work from your masters program. **Organize** your computer well and logically so you can find your work. **Save your work.** I strongly recommend you back up your computer, and/or save any work done on another device. Investing in a few thumb drives and/or a spacious, **portable external hard drive** can be a life saver.

### **Neatness and professionalism in submitted work:**

**I will not accept bits and pieces of assignments, rather, it is up to you to compile your projects and submit each as a single document.** To do this you may have to

1) Look up online how to merge documents, and/or 2) format each individual page; 3) print it out; and/or 4) scan it in to make a single pdf out of the whole document. This is where access to a print shop, like Staples; Kinkos, or Office Max can be a life-saver. The design of your work is an important factor in its readability.

### **APA Citation help:**

Correct attribution of work that someone else did is expected of an educated person.

In this class, *as educators*, you will adhere to the accepted “style” called **APA (version 7, or “APA 7”)** – for the American Psychological Association—the style guide to the social sciences.

**The OWL at Purdue:** The Online Writing Lab at Purdue University AKA **The OWL at Purdue** is a powerhouse of accessible, understandable, correct, and relevant resources for you; use it!

- The OWL at Purdue
  - <http://owl.english.purdue.edu/owl/section/2/10/>
- Here at UTT we have many citation resources available to you. Style and Citation Guides available through UT-Tyler
  - <https://libguides.uttyler.edu/citations/apa>

### **Timeliness and Participation: REALLY IMPORTANT!**

Since this class meets online, you are expected to keep up with assignments (readings, discussions, etc.), and to complete and turn them in on time. To not do so WILL affect your grade. The activities calendar in the syllabus is tentative, though it can be a helpful guide. The “last word” about when an assignment is due is on Canvas.

As a professional preparation class, engagement in every session is critical for ongoing building of your knowledge. As such, you are expected to complete all assignments to the best of your ability and according to the timelines established. Moreover, you are to communicate with the instructor regarding any extenuating circumstances that may arise, in advance. Your timeliness and participation are factored into my assessment of your readiness and suitability for the being a teacher-leader and are factored into your grades.

>Students who must miss a number of classes due to extenuating circumstances should contact the Dean's Office.

\*\*Students are responsible for all work despite any missed modules/classes.\*\*

### Late/Incomplete Work

Unless otherwise stated, all work will be completed and turned in on the day, and by the time it is due. Late assignments without prior, written permission from the instructor or without the presence of documentable (by you), extenuating circumstances will result in a lowering of the assignment grade. If you have gotten written instructor permission, keep the email and attach to your work. I am not responsible for keeping track of such matters. It falls on you to present your documentation in a professional manner.
