## UTeach Step 2: Inquiry-based Lesson Design

Fall 2021

Time: Online

Final: Tuesday December 7th (Online)

### Instructor Information:

Michael Odell, Ph.D.

Office: HPR 263A

Office Hours: Office Hours: Zoom or Phone by appointment.

Telephone: office (903) 566-7132

Email address: [modell@uttyler.edu](mailto:model@uttyler.edu) (best way to contact me)

### Course Catalog Description:

An introduction to the theory and practice that is necessary to design and deliver inquiry-based science and mathematics instruction.

### Course Description:

This course meets online. The course has been revised to serve as the clinical course in collaboration with STEP 1 to reduce exposure to COVID 19. Students will work on inquiry-based lesson analysis, lesson design, and student assessment. UTeach Tyler students are grouped into teams of two and assigned to either mathematics or a science teacher in a school, to teach inquiry-based lessons. The classroom observations will be video this semester. The teaching requirements represent a major field component and requires at least one, two-hour block of free time during the school day at least once a week. Students will teach lessons with a partner. Step 2 Students will be placed in a 5-12 Classroom.

### Required Hours

Observation Hours 8

Teaching Hours 4

Total Hours 12

### Student Learning Outcomes:

1. Design and deliver effective inquiry based 5E lessons with a focus on questioning and assessment strategies.
2. Promote student learning by providing responsive instruction that makes use of effective communication techniques, instructional strategies that effectively engage students in the learning process and timely, high-quality feedback.
3. Analyze lesson artifacts, including video evidence and pre/post assessments, for effectiveness of lesson.
4. Differentiate instruction, as evidenced in lesson plans, to meet the needs of diverse learners.
5. Demonstrate a commitment to integrating technology that enhances lesson engagement to create an authentic learning environment that promotes problem-solving and decision making for all learners.

## UTeach Step 2: Inquiry-based Lesson Design

Fall 2021

### Summative Assessment:

Analyze and reflect on clinical experience, pre/post assessment data, and feedback from other observers (Mentor Teacher, Master Teacher and/or Supervisor) to revise final lesson. Final revisions have to include cited rationales.

**Course Policies:**

**1. Attendance and Participation**

A large portion of your grade is based on attendance and active participation in all class sessions and assignments. Credit for attendance requires arriving to each class session on time, participating in all class activities, and staying until the session ends. Attendance is a crucial component of this class because during class time you will: 1) plan and practice your lessons with your partner; 2) get feedback from the Instructors and other members of the class; and 3) observe and learn from demonstration lessons. Because the course meets only once per week and there are no texts, missing class means you will miss essential information and experiences. Furthermore, Step 1 students will be working with a partner, and this collaboration is vital to your success. The workload for each lesson should be shared equally. If you are not in class, you inconvenience your partner by forcing him or her to work with you outside of class. If you miss a class, it is your responsibility to communicate with your partner about how to coordinate the next lesson. Don't leave your partner guessing about why you are not in class, or how and when you will get together.

**2. Late Work**

There will be a deduction of 10% per day (capped at 50%) for any assignment turned in late unless arrangements have been made with the Instructor.

**UNIVERSITY POLICIES**

**UT Tyler Honor Code**

Every member of the UT Tyler community joins together to embrace: Honor and integrity that will not allow me to lie, cheat, or steal, nor to accept the actions of those who do.

### COLLEGE OF EDUCATION AND PSYCHOLOGY (CEP) VISION AND MISSION

**Vision:** The College of Education and Psychology is nationally recognized and respected for its academic programs and opportunities. It is a center of academic excellence, scholarly inquiry, and public service. The College prepares leaders to meet the critical challenges of the 21<sup>st</sup> Century through productive contributions to local and global communities and toward individual and cultural equity.

**Mission:** The mission of the College of Education and Psychology is to provide a positive environment that fosters the acquisition of knowledge and skills. The mission is individually and collectively realized through a community of scholars that contributes to knowledge through scholarly inquiry; organizes knowledge for application, understanding and communication; and provides leadership and service. We affirm and promote global perspectives that value individual and cultural diversity to enhance learning, service, and scholarship.

### UT TYLER'S SCHOOL OF EDUCATION STANDARDS FOR EDUCATOR PREPARATION PROGRAMS

**[Texas Education Standards](#):** The School of Education are committed to teaching and implementing the Texas Educator Standards at the highest level. The School of Education faculty use the Texas Education Standards, along with the Interstate New Teacher Assessment and Support Consortium (InTASC) standards used by educator preparation programs throughout the United States.
