

# PHAR 7192: Non-Sterile Compounding

## Spring Semester 2023

### Course Description

Introduction to the science and practice of non-sterile pharmaceutical compounding.

### Additional Course Description

This practical laboratory course offers an insight into the interrelationships between the physical and chemical aspects of compounding. Students will develop compounding skills that are used for the most common types of non-sterile preparations, employing standards of good compounding practices.

### Course Credit

1 credit hour

### Pre-Requisites

PHAR 7201: Pharmaceutical Calculations

### Co-Requisites

Completion or current enrollment in PHAR 7402 (Pharmaceutics)

### Class Meeting Days, Time & Location (Two components)

- All students in PHAR 7192 will meet every Monday from 9 am to 10 am in rooms 236 for recitation.
- Please see below the schedule for lab (This practical compounding part will take place in room 211 from 9 am to 12 pm on Thursday).

## Grading Policy & Grade Calculation

### Recitation (50% of the grade)

Quiz	10%
Midterm	15%
Final (Cumulative)	25%

<u>Lab work</u> **	50%
--------------------	-----

**Students must pass recitation and lab work separately, i.e. the student must receive a score of 70% or higher in the recitation and a 70% or higher in the lab to pass this course. If a student receives less than 70% in either the recitation or the lab, they will receive a D or F in the course. For example, if a student receives 80% in laboratory and 64% in recitation, they will receive a final grade of F. If the student receives 80% in the laboratory and 66% in the recitation, the student will receive a final grade of D.**

\*\*Each product compounded by the students will be graded based on the accuracy of calculations, methods, product's quality, printed/written label, and cleanliness of the workstation as:

### **Each completed prescription is worth 100 points:**

- Calculations: 40 points (No partial credit)
- Methods: 15 points
- Product quality/elegance: 15 points
- Label: 30 points

A	90 - 100 %
B	80 - 89.999 %
C	70 - 79.999 %
D	65.0 - 69.999 %
F	< 65.0 %

**Listed below are errors and their point values (Students may lose a maximum of 100 points in a lab)**
