Instructor's Course Policies

Class Attendance: Students are expected to be on time and engage in class discussions and activities. Any student who misses more than 8 classes without a university-approved excuse will fail the course automatically. Arriving late or leaving early 3 times will count as 1 absence. Not participating in class activities will result in an absence for the day.

Revisions: To produce effective writing often requires revising and even rewriting. As such, in this course I will ask you to revise all of your assignments after receiving my feedback. I allow students to revise and resubmit all writing assignments multiple times—with the exception of the final project—for a higher grade. The considerable feedback I provide on student work is a reflection of my commitment to your growth as a reader and writer. Please honor this commitment of my time and effort by revising your work when requested.

Late Work: Please turn in all work by the due date. Late assignments will be docked 10% for each day over the due date the assignments are late.

Canvas: All your assignments will be submitted to Canvas. If you cannot log into Canvas, contact the Office of Digital Learning via phone at **903-566-6200** or via e-mail at canvas@uttyler.edu. You may have difficulty viewing my feedback on your papers in Canvas if

using a cell phone—you'll need to use a laptop or PC to view all my feedback in Canvas without problems.

E-mail: E-mail is my preferred method of communication. Generally, I make an effort to reply to email inquiries within 24 hours, unless you email during the weekend. Please check your email once a day, as I send out regular reminders about assignment due dates.

Electronic Devices: Feel free to bring laptops to take notes for class. However, use of cell phones is not permitted except for specific class activities where use of the Internet may be helpful for research. Otherwise, if you need to use your cell phone, please step into the hallway.

Restrooms: If you need to use the restroom, quietly let yourself out of the classroom. However, please make your best effort to use the restroom before class.

Use of Artificial Intelligence

I expect all work students submit for this course to be their own. I have carefully designed all assignments and class activities to support your learning. Doing your own work, without human or artificial intelligence assistance, is best for your efforts in mastering course learning objectives. For this course, I expressly forbid using ChatGPT or any other artificial intelligence (AI) tools for any stages of the work process, including brainstorming. Deviations from these guidelines will be considered a violation of UT Tyler's Honor Code and academic honesty values.

Note: UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Faculty and students must not use protected information, data, or copyrighted materials when using any AI tool. Additionally, users should be aware that AI tools rely on predictive models to generate content that may appear correct but is sometimes shown to be incomplete, inaccurate, taken without attribution from other sources, and/or biased. Consequently, an AI tool should not be considered a substitute for traditional approaches to research. You are ultimately responsible for the quality and content of the information you submit. Misusing AI tools that violate the guidelines specified for this course is considered a breach of academic integrity. The student will be subject to disciplinary actions as outlined in UT Tyler's Academic Integrity Policy.
