#### **Course Overview**

Preparation and successful public performance of a 30 minute recital performing repertoire selections representing a cross section of styles from Baroque through Contemporary periods. Student is responsible for writing program notes to present at the recital hearing and submitting program information to the music office 2 weeks prior to the recital date.

#### **Student Learning Outcomes**

At the conclusion of this course, students will have successfully performed a public recital reflecting the ability to communicate with an audience using refined technical and musical skills and an understanding of stylistic and historical periods of music.

#### **Graded Course Requirements Information**

Students must perform a pre-recital hearing one month in advance before a faculty committee. If passed, students must continue to refine repertoire, meeting any criteria required by the committee. Recital performance must reflect continued improvement since the recital hearing.

#### **Required Materials**

Program notes must be written prior to the recital hearing and submitted for approval. All is allowed for research, with appropriate documentation within the text of the notes. Program and program notes approved by the primary faculty member must be submitted to the music office by the deadline stipulated in the Music Handbook.

#### **Grading Scale: (CR/NC)**

Students who successfully pass the recital hearing and the public recital performance will receive a grade of CR. Students who fail the recital hearing may request an additional hearing if approved by the primary instructor as long as it is one month before a potential recital date. Students who do not pass a timely recital hearing will not perform the public recital and will receive a grade of NC (No Credit). They must repeat the course along with an additional semester of the same level applied music course.

### **Attendance/Late Work and Make-Up Exams**

If a student misses the recital hearing or public recital, a grade of No Credit will be given unless the student provides prior notice, acceptable documentation, and reschedules the hearing/recital with all committee members prior to the end of the semester.

**Artificial Intelligence Statement**

UT Tyler is committed to exploring and using artificial intelligence (AI) tools as appropriate for the discipline and task undertaken. We encourage discussing AI tools' ethical, societal, philosophical, and disciplinary implications. All uses of AI should be acknowledged as this aligns with our commitment to honor and integrity, as noted in UT Tyler's Honor Code. Misusing AI tools that violate the guidelines specified for this course is considered a breach of academic integrity. **Final Exam Policy**

Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the Dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members must maintain student final examination papers for a minimum of three months following the examination date.

**Incomplete Grade Policy**

If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in place of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all coursework or final exam due to unusual circumstances that are beyond personal control and are

acceptable to the instructor, and (c) the student presents these reasons before the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average. The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to meet all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has yet to be assigned within one year, then the Incomplete will be changed to an F, or NC. If the course was initially taken under the CR/NC grading basis, this may adversely affect the student's academic standing.

#### Grade Appeal Policy

Disputes regarding grades must be initiated within sixty (60) days from the date of receiving the final course grade by filing a Grade Appeal Form with the instructor who assigned the grade. A grade appeal should be used when the student thinks the final course grade awarded does not reflect the grades earned on assessments or follow the grading scale as documented in the syllabus. The student should provide the rationale for the grade appeal and attach supporting document about the grades earned. The form should be sent via email to the faculty member who assigned the grade. The faculty member reviews the rationale and supporting documentation and completes the instruction section of the form. The instructor should return the form to the student, even if a grade change is made at this level. If the student is not satisfied with the decision, the student may appeal in writing to the Chairperson of the department from which the grade was issued. In situations where there is an allegation of capricious grading,

discrimination, or unlawful actions, appeals may go beyond the Chairperson to the Dean or the Dean's designee of the college from which the grade was issued, with that decision being final. The Grade Appeal form is found in the Registrar's Form Library.

NOTE: The Grade Appeal Form is different from the Application for Appeal form submitted to the Student Appeals Committee, which does not rule on grade disputes as described in this policy.
