Catalogue description: Analyzes cultural patterns in terms of physical, locational, social and economic processes. World regions are described and compared.

Course objective: The primary objective is for you to describe how the physical and human geography of a region can be unique yet also share many qualities with other regions. Although you will learn the locations of key places and landforms in order to become globally-aware citizens, *this course's objective is not to promote or reward memorization*. The objective is to provide a geographical context for world events, to make spatial connections, and to understand the importance of geographical contexts in our everyday lives. By the end of this course you should be able to read and synthesize world events and maps.

Course format:

1. Lecture – The majority of the information in this course will be delivered in the form of lecture and in-class discussion. Because of this, it is strongly recommended that the students attend all classes and be attentive. Due to the amount of material that will be covered this semester it is suggested that the students take notes from the lecture material. However, lecture shouldn't be a one-way street. Discussion is strongly encouraged!
2. Reading – The textbook (appropriate chapter(s)), as well as outside readings to be announced in class/canvas, provides a supplement and framework for the lecture material. The students are responsible for reading the corresponding material textbook chapters prior to the lectures, so each student will be prepared for class.
3. Class Discussion – Discussions, ranging from informal talks to organized discussions will be an important part of the class. It is vital that the students participate with class discussions in order to receive the maximum benefit from the course.
4. Instructional Aids – Varied instructional aids, including audio-visual, supplementary documents, News reports, and internet assignments will be used to furnish additional information for class.

Evaluation/Grading Policy:

- Grading scale:

A	90-100%	B	80-89.99%	C	70-79.99%
D	60-69.99%	F	0-59.99%		

Incomplete course grades will only be given under special conditions upon consultation with the instructor prior to final exams. If an incomplete grade is given, the remaining coursework must be completed within a specified period of time, usually six weeks from the end of the semester. If the work is not completed within the given time the student will receive a failing grade for the course.

Map Quiz/Exam: 80% of grade

Map Quizzes – There will be scheduled in-class map QUIZZES over each unit. Map quizzes are **CLOSED** book/notes. At the end of the semester the lowest map quiz grade will be dropped. Because of this, **no make-up map quizzes** will be given, except in special circumstances with prior arrangements with the professor.

Exams – There will be schedule EXAMS during the semester. The information on the exams will be drawn primarily from the lecture material, but can include any information from the text, lecture, supplemental readings, or instructional aids. At the end of the semester the lowest exam grade (Not Including the Final Exam) will be dropped. Because of this, **no make-up exams** will be given, except in special circumstances with prior arrangements with the professor. Exams will be multiple choice and essay. Final Exam – The final exam is a comprehensive exam.

Assignments: 20% of Grade: Country reports (explained in class/Canvas) and Attendance

Other Course Requirements:

Each student is responsible for bringing a **BLUE** ink pen to each class to use on **MAP QUIZ**, and a **SCANTRON** (100E/882E) and #2 **PENCIL** for written exams.

Student Responsibilities/Expectations: Attendance is expected and will constitute a **percentage** of student's overall **course grade**. Students are expected to attend all classes. Regular class attendance is necessary for maximum success in college. Please be on time and be prepared. You will be less prepared for quizzes and exams if you miss a lecture. Each student is responsible for obtaining class notes from those students who attended a lecture you missed.

Class Etiquette: I expect everyone in the classroom to be **respectful** of each other and treat everyone with dignity – we have discussions about cultures from around the world that will be different from your own. I expect comments to be positive and objective and not judgmental and rude.

Cell Phones/Laptops: Turn off your ringer and do not use your cell phone during class – this includes text messaging. If you are expecting an important call, please put your phone on vibrate and sit close to the door. This action will help minimize any disturbance to the class. Laptops are allowed for note-taking, but I reserve the right to ask you to shut your computer down (or to change my class policy) if you are using your computer for uses other than note-taking and disrupting those around you. **Any video, photographic or audio recordings of the class must be approved by instructor.**

Grade Replacement/Forgiveness and Census Date Policies: Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar. Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract. The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include: Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit. Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date) Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
Being reinstated or re-enrolled in classes after being dropped for non-payment
Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy: Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Self-isolation is important to reduce exposure ([CDC quarantine/isolation guidelines](#)). Please work with your faculty members to maintain coursework and please consult [existing campus resources](#) for support.
