### **COURSE OVERVIEW & OBJECTIVES**

The goal of the course is to introduce students to nonprofit strategic planning. At the conclusion of the course, students should have a strong understanding of the essential parts of a

strategic plan, pros and cons of traditional planning vs. real-time planning, and the importance of a healthy nonprofit culture to support the planning process. Finally, students should recognize the steps to operationalize a strategic plan. Course learning outcomes are:

- 1. Identify the essential parts of a nonprofit strategic plan.
- 2. Identify the critical stakeholders in the planning process.
- 3. Recognize the "Theory of Change" and distinguish between outcomes and program and operational strategies.
- 4. Identify critical facilitation skills required for strategic planning.
- 5. Able to compare and contrast the differences between traditional strategic planning and real-time strategic planning.

## **IMPORTANT DATES**

Census date: January 29, 2024 Last day to withdraw from one or more classes: March 25, 2024

### **COURSE DESIGN**

#### Course Content

The course content is presented in modules, with each module containing the content to be covered during the week in which it is posted. Content will include short video lectures, TED Talks and PowerPoint slides. These resources should be used as a supplement to, and not a substitution for the readings.

### Assignments

**Student Introductions:** Each student will post an introduction on the discussion board. The introduction should include name, at least one thing you want us to know about you, why you are taking this class and an overview of any nonprofit volunteer or paid experience. Include any nonprofit boards you are now or have served on in the past and any experience you have had as a participant or leader/facilitator of strategic planning.

### Post by 11:59 January 22, 2024

**Discussion Board and Reply Posts**: Each student will post a minimum of **THREE** critical analyses of weekly readings throughout the semester. <u>Dates of required postings are listed in the course calendar</u>. The discussion posting should not be summaries, but instead an analytical review of the content (e.g. compare/contrast, strengths/weaknesses, etc.). Additionally, each student should post responses to their classmates' posts in the following week. Three reply posts per discussion is the recommended minimum. Your discussion post will receive up to 10 points. The reply posts in the following week will receive up to 10 points. A discussion post rubric will be available on Canvas.

# Each Discussion post counts 10 points toward your grade. Responses to each discussion post count up to 10 points (minimum 3 responses recommended per discussion post)

The discussion analyses should be in the <u>275 to 350-word range</u>, with responses in the <u>175 to 250-word</u> range. While this is a guideline, the important thing to remember is to include a complete argument, analysis or response. If that can be done in fewer words, great! If an analysis takes 400 words, that's fine, too. Just be sure to be as concise and powerful as possible with language and arguments.

These are formal assignments. Students are expected to submit well-written and well-structured posts and responses. Grammatical errors, punctuation errors, spelling errors, wrong word errors, and other writing errors will be penalized.

**Required Zoom classes:** There will be **THREE (3) required Zoom classes**. Each Zoom class will be approximately one-hour on the date outlined in the course calendar. <u>Each class will be 7:00-8:00 p.m.</u> The Zoom classes will contribute up to 90 points of your grade. In the event of an emergency the Zoom class must be made up by scheduling a one-on-one discussion with me in a timely manner.

Zoom Class Dates: February 7, March 6, April 17 (Each class counts 30 points toward your grade)

Mid-term Exam: There will be no mid-term exam.

Research Paper: There will be no formal research paper required for this course.

**Final Exam**: Students will be required to submit a final exam. The final exam will consist of a critical analysis of a multi-year strategic plan. Students will have one week to complete the assignment. **40 Points** toward your grade. **DUE April 28, 2024, by 11:59 p.m.** 

Writing Style: All assignments should be completed using APA style.

**Grading Timeline:** Assignments will be graded within two (2) weeks of the due date. Feedback will be provided with the grade. If students need to turn in an assignment late, they may do so without penalty if notice of an acceptable reason, as determined by the instructor, is provided at least 48 hours prior to the due date. If notice is not provided, the assignment will be penalized 10% per day every day it is late. Assignments will not be accepted if they are not submitted within three days of the original due date.
