Course Description:

This course provides a systematic procedure for identifying and analyzing tasks related to a specific job.

Textbook: ( First, Second or Third Edition are all fine)

Job and Work Analysis: Methods, Research, and Applications for Human Resource Management by Michael T. Brannick , Edward L. Levine, Frederick P. Morgeson

Office Hours:

T – TH 8:00 – 9:30  
Other times by Appointment

Course Objectives:

At the end of this course, participants will be able to:

- 1) explain the background and progression of job analysis techniques as demonstrated by scoring above 70% on the quiz.
- 2) collect information about jobs and develop an organized job analysis report as demonstrated in the completed job analysis and by scoring above 70% on the quiz.
- 3) effectively utilize the O\*NET and other resources to gain occupational information as demonstrated in the completed job analysis.
- 4) Students will be able to analyze jobs within an organization for the purpose of developing training or recommending other performance interventions. This will be demonstrated by scoring 75% or better on the Job Analysis Project.
- 5) explain the various uses of job analysis as demonstrated by scoring above 70% on the quiz.
- 6) articulate the role of a job analysis in the improvement of organizational performance by contributing to class discussion.

Grades will be based upon the following scale:

A	90 - 100
B	80 - 89
C	70 - 79
D	60 - 69
F	< - 59

### **Job Analysis Project**

The Job Analysis project is the major component of this class. Each of you will analyze a job of your choosing. We will work through this process as the course proceeds. This will include handing in components at times during the class for feedback and revision. I will provide you with a template for the project. Please use my template to ensure that you are using the most current information. Points will be deducted if you use a different template without prior permission.

### **Job Analysis Presentation**

This grade will be based upon your presentation of your project. This term presentations will be recorded and uploaded to Canvas. The presentation should be three- five minutes long and follow the “ Project Presentation Outline” posted online in the Job Analysis Project Resources page.

### **Quizzes**

There will be four quizzes in this class. The exams will be taken in Canvas.

### **Class Participation**

This grade will be based upon your attendance and participation in class discussions.

### **Academic Dishonesty Statement**

Academic dishonesty, such as unauthorized collusion, plagiarism and cheating, as outlined in the Handbook of Operating Procedures, University of Texas at Tyler, will not be tolerated. University regulations require the instructor to report all suspected cases of academic dishonesty to the Dean of Students for disciplinary action. In the event disciplinary measures are imposed on the student, it becomes part of the students’ official school records. Also, please note that the handbook obligates you to report all observed cases of academic dishonesty to the instructor.
