Course Policies

Class Meeting Attendance

Attendance at all four class sessions is expected and required for the accomplishment of course objectives. It is expected that learners will attend all class meetings considering the condensed executive format. The facilitator recognizes that learners may have special issues and responsibilities that may impact attendance, however regular attendance is expected.

If absences occur, the learner is responsible for contacting the facilitator in advance so that adjustments can be made to the instructional activities planned for a specific session. The learner is also responsible for all work that is missed due to the absence from any class meeting, or portion thereof. Since a portion of the learner's grade is based upon class participation, engagement, and participation, it should be expected that any missed classes will affect the grade earned for class participation, and will affect the final course grade with the exception of excused absences for religious holy days or active military services that are permitted according to the policies outlined in the UT Tyler Graduate Handbook.

Late Work

No credit will be given for late assignments unless the learner's provider and/or UT Tyler's system prevents the student from submitting a discussion post, assignment, or quiz. The student is responsible for contacting the instructor, providing evidence of the outage and submitting any missed work within 24 hours of resolution of any system outage.

Academic Dishonesty Statement

The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work.

Scholastic dishonesty includes, but is not limited to, statements, acts or omissions related to applications for enrollment of the award of a degree, and/or the submission, as one's own work of material that is not one's own. As a rule, scholastic dishonesty involves one of the following acts: cheating, plagiarism, collusion and/or falsifying academic records. Students suspected of academic dishonesty are subject to disciplinary proceedings.

University regulations require the instructor to report all suspected cases of academic dishonesty to the Dean of Students for disciplinary action. In the event disciplinary measures are imposed on the student, it becomes part of the students' official school records. Also, please note that the handbook obligates you to report all observed cases of academic dishonesty to the instructor.

HRD 6391 – Research Seminar in HRD Course Syllabus
