Course Textbook	<i>Required Text(s):</i> Cascio, Wayne F., Managing Human Resources: Productivity, Quality of Work life, Profits, 10th ed., ISBN10: 0078112958; ISBN13: 9780078112959 [NOT 11 th ed.] Discussion articles/videos and other supplemental readings will be posted online during the semester.
Course Description	The course is an advanced topics study of contemporary HRM practices and issues. Focus is on the role of HR managers and practices in developing competitive advantage for the firm. The course considers the role of both specific HR practices and the overall HR architecture in enhancing firm performance. The overall objectives of the course are: <ol style="list-style-type: none"> 1) examine the strategic value and competitive advantage of HRM in the business environment; 2) gain a first-hand understanding of the assumption that all managers are accountable to their organizations in terms of the impact of their HRM activities, and they are expected to add value by leading their employees ethically and effectively; 3) learn theory principles and methods involved in all phases of employment; 4) learn about the specifics of HR knowledge in healthcare.
Course Organization	The course will last ONLY 7 weeks. Typical course content and activities will include <i>1) power point slides, 2) article(s)/videos</i> for reading/viewing which will be used in the respective discussion board assignments (DBAs), <i>3) 3 DBAs; 4) 3 exercises (2 group exercises and 1 individual exercise); 5) 2 exams, 6) 1 “International HR in the News” DBA, and 7) 1 Reflection paper.</i> Course activities vary depending on the week, so please see the detailed schedule in the end of this syllabus. Here is a description of what each type of course activity constitutes: <ol style="list-style-type: none"> 1) <i>Power Point Slides.</i> Power point slides will be posted for each module and will be based on the module topic and the corresponding chapter(s). Students need to study the slides as they contain material <i>supplementary</i> to that in the textbook. 2) <i>Article(s)/Videos.</i> Almost every week you will need to read an article and/or watch a video which are supplementary to the material from power point slides and the textbook. The articles/videos will be posted on Canvas in weekly folders. 3) <i>DBAs.</i> There will be 3 DBA during the course. DBAs will be based on a chapter(s) covered in the module and/or article(s)/video(s) assigned in the course during that module. Each DBA will require 2 posts. Post 1 is a response to my question (300 – 400 words) and Post 2 is a response to any other [ONLY ONE] student’s post (300 - 400 words). Each post (either Post 1

or Post 2) should contain 2 references: **one** “internal” reference (from the book chapter, article/videos used in the course) and **one** “external” reference (from any reputable business newspaper, magazine or scientific journal). Overall, there should be 4 references per one DBA. All external references require a full citation in the end of the post following the APA format. **It is critical to follow the APA style in writing. Also, I will subtract points for sloppy writing that contains grammatical and/or stylistic errors.**

Below is the link to the APA style guidelines:

https://owl.purdue.edu/owl/research_and_citation/apa_style/apa_formatting_and_style_guide/general_format.html

DBAs are 25% of your grade.

Grading Criteria for DBAs

CRITERIA/POINTS	0 Point (Failure)	1 Midpoint	4 Points (Excellent)
Timeliness of posts	No posts or posts after the deadline	1 point is subtracted automatically of your first post is made less than 24 hours prior to the deadline	the first post is made 24 hours prior to the deadline and the second post is made prior to the deadline
Total number of posts per DBA	0 (no posts are made)	2 points are subtracted is only one post is made (either a response to Professor’s question or to another student’s post)	both posts are made; a response to Professor’s question and to another student’s post)
Total Number of “Internal” References (from Textbook)	0 (no “internal” references are used)	only one internal reference is used (either in the response to the professor’s question OR in the response to another student’s post)	2 internal references are provided (1 in the response to the professor’s question and 1 in the response to another student’s post)

Compliance with APA format	No APA style was used in any of the postings.	1-2 points are subtracted for the incorrect use of the APA style	All references are cited using the correct APA format
Logical progression of post	Random thoughts with no sense of a plan to reach a logical conclusion. No clear main idea or direction for flow of information.	midpoint	Form is superior; obvious attention to proofreading and grammar. Main idea is stated early and clearly; argument or ideas are built using a logical progression of thoughts which are stated clearly and succinctly.
Depth and relevance of post to the topic at hand	Post (or reply) shows superficial thinking based on personal experiences or opinions only, there is little consideration of contributions to the topic in the literature. Grammar	Spelling and grammar errors detract from the substance of the post or reply.	midpoint	There are no grammatical errors in the post; it is clearly written.

4) Exercises. They are meant to give brief hands-on exposure or practice in key topic areas. Exercises will require advanced preparation, including reading the corresponding book chapters as well as doing online research. One exercise is an individual exercise and two exercises are group exercises. For the group exercises, group members need to coordinate their interaction on their own (distribute parts of assignment, do research, editing, proofreading, etc.). You may use any means of communication that are more convenient for you and your group members (e.g., GoogleDoc).

For the group exercises, one document per group with a completed exercise needs to be submitted on Canvas by the deadline (a designated group member can submit the completed group assignment).

Exercises are 30% of your grade.

5) Exams. There will be 2 exams during the course. Exam questions will be drawn from your textbook, supplemental reading assignments, and power point slides and will cover the preceding material. Each exam will consist of multiple-choice questions. You can take an exam at any time before its deadline. **The exams are time-limited: you can spend up to 1.5 hours on each.** Make sure you have a reliable Internet connection and sufficient time prior to taking your exam. **I WILL NOT BE ABLE TO REOPEN EXAMS; IF YOU FAIL TO TAKE AN EXAM YOU WILL RECEIVE ZERO POINTS.**

Exams are 15% of your grade.

6) International HR in the News DBA. This assignment is very similar to a regular DBA in that, you will need to make two posts. Post 1 will contain a brief 300-400 word summary of your selected article. Post 2 will contain a response to **ONLY ONE** of your group member's posts. **Post 2 (a response to a group member's post) should contain both internal and external references.** It should also contain 300-400 words.

However, there are two main differences:

Difference 1: I will not post any question because you will initiate the discussion yourselves. To do so, you will need to find a recent business article (within the last two years) that discusses an HR-related topic in a country other than the U.S. Examples of topics include but are not limited to: unions in China; sexual harassment in Russia, working conditions for women in Nepal, etc.. Make sure that your topic covers an HR-related issue. For example, poverty in India or women abuse in New Zealand are NOT directly related to HR.

Difference 2: Your Post 1 does not need any internal or additional external citation. It only requires the reference to the article you selected. Your Post 2, however, requires both internal and external citation.

International HR in the News DBA is 15% of your grade.

7) Reflection Paper "When Theory and Practice Go Astray"

"In theory, there is no difference between theory and practice. But, in practice, there is."

Albert Einstein (also attributed to Yogi Berra)

Every HR manager has a list of "best practices" regarding personnel policies, but does the knowledge of these ideal practices always translate into their successful implementation?

Unfortunately, there is often a discrepancy between an ideal practice (what you learn about in

a textbook) and the way this practice is implemented in an organization. Think of any HR practice (e.g., related to recruitment, selection, training, performance appraisal, etc.) in YOUR organization that does not run the way the theory (your HR textbook and articles you read in the course) suggests it should. Then do the following:

- a) Describe the discrepancy juxtaposing the theory and practice
- b) Describe any consequences (current or potential) of this discrepancy
- c) Suggest solutions (REALISTIC and SPECIFIC) to fix the discrepancy

(by realistic I mean the solutions that can be implemented, given your company's environment; by specific I mean a **detailed** description how you suggest the discrepancy can be eliminated). For example, if the theory states that HR departments and managers should work together to develop and implement successful HR practices, and your company is very small and does not have an HR department, the suggestion to hire several HR specialists and launch an HR department is not feasible and will never be implemented immediately (it can be a long-term solution if the company grows). Meanwhile, you can suggest that a manager and employees (or team leaders) can work together to assure synergy. For example, monthly meetings should be held in which managers and team leaders discuss organizational issues, propose a plan of action and oversee its implementation. Additionally, a manager should have a face-to-face meeting with each employee (it is possible because the company is very small) to discuss problems and ask for employees' feedback. Finally, drafts of the strategic organizational plan should be discussed at the overall company meeting where each employee can express s/he voice and make a contribution.

The length of your reflection paper should be 1-3 pages, Times New Roman, double-spaced. References are optional.

Examples of discrepancies:

Example 1: Transfer of training knowledge is critical and has to be put in place on a regular basis, however, in Company ABC individuals are required to go through training semi-annually, yet their job requirements remain unchanged and call for no implementation of the new knowledge.

Example 2: An interview should be typically conducted by 2-3 people to prevent perception biases and obtain the most objective information. However, only one manager in Company ABC conducts all the interviews.

Reflection paper is 15% of your grade.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date). Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
