**ABOUT THE GRADED COMPONENTS:**

**Quizzes:**

There will be 15 chapter quizzes. Each of the chapter quizzes will consist of 10 multiple choice questions and will be worth a total of 10 points each. **At the end of the term, I will drop the 5 lowest quiz grades.** To do well on the chapter quizzes, students should read the corresponding text book chapter, review power point slides, and watch the posted video lectures. I do not recommend taking the quizzes without reading the chapter, or trying to look up the answers during the quiz. While you are allowed to use your book, you will only have 10 - 25 minutes per quiz (please make sure before you begin each quiz to review how much time you will have to take the quiz because it can change), which will not give you enough time to flip through the book for every question. Additionally, you must complete each quiz in one sitting – there is no way to “pause” the quiz and come back to it at a later time.

You will not be allowed to take the quizzes after the deadline has passed. You will be able to see your quiz grades after submission, including your answer and the correct answer. The quizzes will give you a feel for the kinds of questions you will see on the exam.

Total of 100 points.

**Exam:**

There will be 2 parts to the final exam at the end of the course. One portion will include all chapters covered from the required text and will contain multiple choice, true/false, and matching questions. You will have

120 minutes for the exam and it will consist of 85 multiple-choice, true/false, and/or matching questions. Thus, as with the quizzes, there is not enough time to flip through the book and find the answer to every question. Each question will be worth 2 points. Therefore, a total of 170 points are available on this portion of the final exam. To succeed on the exam, you need to have read the book, reviewed the power points, and spent time studying for the exam. You are NOT permitted to copy or screen capture any portion of the exam or discuss the exam with any other student. Any cheating will result in disciplinary action.

The second part of the exam will consist of a case study that will be worth 30 points. You will need to provide a thorough summary of the case and each question will need to be answered thoroughly and professionally, using the knowledge you have gained throughout the course.

Total of 200 points.

### **Biography/Introduction through Flipgrid:**

You will be required to create a biography/introductory video of yourself through utilization of Flipgrid and respond to several classmate videos appropriately. This assignment will be worth 25 points (15 points for your own video introduction and 10 points for video responses to classmates). Additional instructions are provided under the Flipgrid link in Canvas, as well as under the assignment itself.

### **HR Case Study #1:**

There will be a case study regarding an HR scenario that you will need to complete and answer questions regarding the case. This assignment will be worth 25 points. Additional instructions are provided in Canvas.

### **Practical Application Assignment:**

There will be four Practical Application (PA) assignments in which you will need to review an HR scenario and answer the questions provided. Each assignment will be worth 20 points. Additional instructions are provided in Canvas.

### **Course Discussion Sessions:**

You will have 3 discussion sessions to complete throughout the course. Each will be worth 25 points each and consist of an assignment in which you will be asked to complete a task, assignment, or watch a video and follow the instructions provided under the course assignments page in Canvas. Please be aware, there will be two due dates for your discussion sessions! One will be for your own post, the other will be for your responses to classmates. Make sure to look at the dates closely in Canvas so you will not miss them.

### **SHRM assignment/webinar:**

There will be one SHRM (Society for Human Resource Management) assignment in which you will be required to view a webinar and provide a written summary of the webinar and what changes you would implement in the workplace from an HR perspective based on what you learned. The assignment details are located out in Canvas. This assignment will be worth 35 points.

### **Extra Credit Opportunities:**

There will be several opportunities for extra credit in this course. One extra credit assignment has to do with several short case studies in which questions can be answered. Each case is worth 5 points of extra credit for a total of 25 points (there are 5 cases presented).

## GRADE CHART:

**A: 484 – 540 points**

**B: 430 – 483 points**

Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:
