### **GRADING POLICIES AND PROCEDURES:**

**Course Evaluation methodology and assignment points may be changed at any time, but I will strongly attempt to keep the scale as follows.**

**PLEASE PAY PARTICULAR ATTENTION TO THE SAP ASSIGNMENTS AS THESE ARE MANDATORY AS PART OF THIS COURSE. FAILURE TO COMPLETE THE SAP COMPONENT WILL RESULT IN A "D" AS THE HIGHEST POSSIBLE GRADE IN THIS COURSE.**

**ALSO OF GREAT IMPORTANCE, THE GRADING SCALE BELOW IS WHAT WE USE TO COMPUTE YOUR GRADE. THE GRADING SYSTEM IN CANVAS IS NOT CORRECT (IT WILL NOT WEIGH THINGS CORRECTLY, SO THE SCALE BELOW IS CORRECT).**

The final course grades will be determined using the following:

EXAM 1	100 POINTS
EXAM 2	100 POINTS
EXAM 3	100 POINTS

Homework Average	100 POINTS
Cat Management Cert	50 POINTS
Quizzes Average	100 POINTS
<u>SAP SUM</u>	<u>60 POINTS</u>
TOTAL	610 POINTS

#### **GRADING SCALE**

A = 90-100%  
 B = 80-89%  
 C = 70-79%  
 D = 60-69%  
 F = 59% and  
 below

### **Course Delivery**

This course is an online class and will utilize videos, PowerPoint, Canvas, and connect. I will use Canvas to post the class slides. I will use course content in Canvas (where you are now) to post most material. Each week we will have homework, quizzes. Tests will be given using Canvas. In most circumstances, the material will be posted on a Wednesday (about mid-day) and due on a Sunday or Monday evening. Exams will be posted on a Friday and due on a Tuesday.

### **Exams**

There will be three exams all counting 100 points apiece. Exams will be taken online through Canvas. Exams will be posted Friday afternoon at 5 pm of the exam week and will be due Tuesday at midnight. The format of exams will be multiple-choice, true/false style. More information will be available as the exam approaches. Failure to take the exam will result in a zero (0) on the exam. You cannot miss an exam and then ask to take the exam. The exams will be timed. The specific time allowed will vary by test. When you take the test, be sure to set aside the time allowed for the test and have a reliable internet connection.

### **Quizzes**

Quizzes will be given to allow you another opportunity to display your knowledge of the subject matter. The quizzes will be given using Canvas and Connect. Quizzes will be multiple choice style questions and taken via Connect. I will post information about when they are assigned and due. You will have one attempt at each quiz, and the quizzes have 20 questions. Failure to complete a quiz on time will result in a zero on the quiz. Much like tests, I strongly suggest you sit in a quiet place with consistent internet access to attempt the quizzes.

### **ACADEMIC INTEGRITY (UT Tyler students make the decision to not lie, cheat, or steal, nor tolerate those that do)**

The code states UT Tyler students will not lie, cheat, or steal or allow other to do so. Students are responsible for doing their own work and avoiding all formats of academic dishonesty. The most common academic honesty violations are cheating and plagiarism. **Cheating** includes, but is not limited to: submitting material that is not one's own. Using information or devices that are not allowed by the faculty member, obtaining and/or using unauthorized material, fabrication

information, violating procedures prescribed to protect the integrity of a test, or evaluation exercise, collaborating with others on assignments without the faculty member's consent, cooperating with or helping another student to cheat, having another person take an examination in the student's place, altering exam answers and requesting that the exam be re-graded, communicating with any during an exam, other than the faculty member or exam proctor. **Plagiarism** includes, but is not limited to: Directly quoting the words of others without using quotation marks or indented format to identify them, using sources of information (published or unpublished) without identifying them, Paraphrasing materials or ideas of others without identifying the sources.

### **Homework (assignments and cases)**

Assignments are due at the time the instructor determines which is usually on a Sunday or Monday. In most circumstances, homework and quizzes will be posted on a Wednesday. Any assignment not submitted when called for is considered a late assignment and will receive a grade reduction or a ZERO. Any assignment not done will receive a grade of zero (0). The homework assignments are many (about 50 or so) small assignments that relate to class material that will be completed using Canvas and connect. Once you complete an assignment, the grade should be automatically imported into Canvas. You will have 2 attempts at each homework. It is your responsibility to ensure that your grades are being properly tracked in Canvas. This goes for quizzes and homework.

### **Category Management Certification Component**

All Principles of Marketing courses at the University of Texas at Tyler include a required component in which the student will complete an online certification from the Category Management Association that relates to the history and background of Category Management. Students will complete the Category Management Association Certification Program online and outside of class. Upon completion, the student will receive a certificate indicating completion. The student will have three chances to successfully pass the exam. Successfully passing the module exam will result in 50 points in the class, and failure to pass after three attempts results in 0 points. This is not optional, and you will be emailed the assignment.

You will receive an email from Learning and there will be an announcement on Canvas when this happens. All the details will be in this announcement.

This certification is the first of eight available through a variety of marketing courses that will culminate in giving the student the option to sit for a final Category Management exam outside of the University of Texas at Tyler where, upon successfully passing the exam, the student will become a Certified Category Manager.

### **SAP Assignments:**

**FAILURE TO COMPLETE SAP WILL RESULT IN EITHER A GRADE OF D OR F IN THE COURSE. THIS MEANS THAT IF YOU RECEIVE A 100 ON ALL OTHER MATERIAL THE BEST YOU CAN EARN IS A D IN**

**THIS COURSE. DO NOT LET THIS HAPPEN TO YOU!! THIS POLICY IS MANDATED BY OUR DEAN AND MARKETING DEPARTMENT HEAD.** Refer to assignment instructions posted in the Assignments section of Canvas when posted. You may download the SAP GUI on your personal computer or use the SAP Dedicated Lab on Campus. More information will be available about the lab at the start of the semester. The instructions will be posted on Canvas. You may choose to complete these assignments before the due date specified. We will have TA's to help take responsibility for all questions and grading of the SAP assignments, and the TA can assist you in your completion of these assignments. If you have questions or concerns that exist after you have worked with my TA on these assignments, please contact me. You ARE permitted to work with other students to facilitate learning; however, you must complete each assignment yourself. Please refer to Canvas for hours the SAP Dedicated Lab on Campus will be open.

Please see the SAP lab schedule and make individual arrangements to visit the lab. This is by far the best way to complete the work. The work can also be done remotely by following the SAP instructions once they are posted. I will send an announcement to you when this time is.
