NATURE AND PURPOSE OF THE COURSE

Consumption is a fundamental aspect of all our lives. We make various consumption choices such as deciding what groceries to buy, what car to drive, where to go for vacation, what career to pursue etc. In this class, we will learn the various influences that affect consumers' choices. As consumers, you can bring your own perspectives and experiences into the course in making various consumption decisions. This will be valuable in understanding consumer behavior concepts.

We will study the various decision processes from psychology, sociology, anthropology, and other behavioral disciplines to understand and predict the reactions of consumers to marketing decisions. This course is relevant to those who are thinking about careers in *advertising, product and brand management, and market research.*

OBJECTIVES

- (1) Develop an understanding of factors that influence consumers and gain insight into their decision processes
- (2) Cultivate a consumer orientation to market analysis
- (3) Incorporate our understanding of consumers into the formulation of a better marketing strategy
- (4) Formulating and analyzing consumer experiments in designing effective marketing communications

(A) EXAMS

There will be **2 exams** for this course. The exam will be either essay-type questions or multiple choices or a combination of both. These are designed to test your knowledge, comprehension, and application of the concepts presented in the text and those discussed in the class. There is **NO MAKE-UP EXAM** unless a document for an excuse is submitted to the instructor (e.g. doctor's note). All exams will be posted on Canvas and you have to take the exam via online. The exam date is posted on the schedule on the syllabus. You can take any time on that day however, once you open the exam, you have to complete it in one sitting. (i.e. you can't save it and come back later). More information will be available as the exam approaches.

Exam 1: Chrs. 1,2,3,4 (100 points)

Exam 2: Chrs. 5,6,7,8 (100 points)

(B) ASSIGNMENTS

1. EXPERIMENTS ASSESSMENT (50 points)

You will have to answer multiple-choice questions and short answers about experiments that you have learned in the first week. This is to evaluate how you understand the concepts and logic of consumer experiments, which is widely used in marketing research. If you understand the concepts clearly from my lecture, you should be able to apply those concepts in different contexts as well. You will have 2 attempts to make sure that you understand the concepts clearly and take away useful knowledge. **NO LATE SUBMISSION!**

2. QUIZ (100 points)

We will have **4 quizzes that cover every chapter (25 points for one Quiz which includes 2 chapters * 4 times)**. I.e. Quiz 1 includes chapter 1 & 2 and Quiz 2 includes chapter 3 & 4, Quiz 3 covers chapter 5 & 6, and Quiz 4 covers chapter 7 & 8. The questions will be based on the contents you learned in the previous lecture. This will be helpful to review the important concepts and prepare for the exams. The quiz will be posted on Canvas. **NO LATE SUBMISSION!**

3. VIRAL ADVERTISEMENT (50 pts)

What Makes an Ad Go Viral?

The assignment is based on 6 Sticky Principles articulated by Chip and Dan Heath in their book, *Made to Stick*. The 6 Sticky Principles will be summarized and explained. For this assignment, you will have to find an ad that you believe has gone viral. Please write a short summary of how the ad embodies the principles. You will present the ads and your reflection based on sticky principles. **NO LATE SUBMISSION!**

4. CURRENT TOPIC DISCUSSION (100 points)

The objective of this task allows student to think critically about the current issues. For example, covid-19 is still very serious issue as omicron variant increases, and that influences consumer's daily life. You will present your opinion about this topic. You may write a short reflective essay or make ppt slides including the analysis of situation and present yours. You may discuss with classmates. More detailed information will be provided. **NO LATE SUBMISSION!**

(C) EXTRA CREDIT OPPORTUNITY

You may have the opportunity to earn extra credit points by participating in surveys conducted by faculty as part of their research. I will provide more details in the class. Your participation is voluntary and your responses are completely confidential.

(D) COURSE GRADE

Each of the course requirements (e.g., exams, group project) will be graded by assigning numerical points. Your final letter grade for this class will be assigned only at the end of the course based on the points accumulated by the student. Letter grades are assigned on the basis of a curve. Normally, the grades are curved as follows:

A's (including A & A-)	35%
B's (including B+, B, & B-)	55%
C's (including C+, C, & C-)	<u>10%</u>
		<u>100%</u>

However, the above distribution is tentative and simply an indicator. Letter grades also depend on the *absolute level of performance*. The number of As, Bs & Cs given could be more or less than indicated by the foregoing distribution depending upon the level of performance.

Please note the following:

- 1) I will definitely fail a student for dishonest behavior e.g., cheating or plagiarism in midterms or assignments
- 2) This class may seem easy but that does not automatically imply that you will earn an A in the class

3) Also, just because you worked hard for this class does not automatically entitle you to an A in this class.

Everyone is supposed to work hard.

4) Please realize that just because you received an A in the exams (40% of the grade) does not automatically imply that your final grade will be an A because article discussion report and quizzes constitute 60% of the final grade, which we don't know until the very end of the semester.

COLLEGE OF BUSINESS STATEMENT OF ETHICS

The ethical problems facing local, national and global business communities are an ever-increasing challenge. It is essential the College of Business and Technology help student s prepare for lives of personal integrity, responsible citizenship, and public service. In order to accomplish these goals, both student s and faculty of the College of Business and Technology at The University of Texas at Tyler will:

- Ensure honesty in all behavior, never cheating or knowingly giving false information.
- Create an atmosphere of mutual respect for all students and faculty regardless of race, creed, gender, age or religion.
- Develop any environment conducive to learning.
- Encourage and support student organizations and activities.
- Protect property and personal information from theft, damage and misuse.
- Conduct yourself in a professional manner both on and off campus

ACADEMIC DISHONESTY STATEMENT

The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrates a high standard of individual honor in his or her scholastic work.

Scholastic dishonesty includes, but is not limited to, statements, acts or omissions related to applications for enrollment of the award of a degree, and/or the submission, as one's own work of material that is not one's own. As a general rule, scholastic dishonesty involves one of the following acts: cheating, plagiarism, collusion and/or falsifying academic records. Students suspected of academic dishonesty are subject to disciplinary proceedings.

University regulations require the instructor to report all suspected cases of academic dishonesty to the Dean of Students for disciplinary action. In the event disciplinary measures are imposed on the student, it becomes part of the students' official school records. Also, please note that the handbook obligates you to report all observed cases of academic dishonesty to the instructor.

GRADE REPLACEMENT/FORGIVENESS AND CENSUS DATE POLICIES

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>.

Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar. Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average.

Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a “W” grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

STATE-MANDATED COURSE DROP POLICY

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

DISABILITY ACCOMODATION

Any student who feels their performance in this class may be impacted by a disability, in accordance with federal law, must provide documentation of his/her disability.
