(B) ASSIGNMENTS

1. ATTENDANCE/DISCUSSION/PARTICIPATION (100 pts)

The objective of this task allows student to think critically about the issues related to social media marketing. Throughout the semester, we will discuss the unique characteristics of each social media platform and social media marketing strategy. As co-creating class, students' active participations and engagements are strongly encouraged. It may include case study discussion, expert video session, quiz etc.

2. PRESENTATION (100 pts)

Students as a group will choose a specific social media platform which they are interested in. Then they will make a presentation to discuss the strength, unique characteristics, marketing tactics, weakness, strategies, etc. of each social media platform. Details will be discussed in class.

3. MIMIC SOCIAL SIMULATION (200 points)

The Mimic Social simulation will give a taste of what it is like to run a social media marketing campaign for a business.

Students will run the social media marketing strategy for Buhi Supply Co., an e-commerce and retail bag supplier. It specializes in backpack, purse, wallet, satchel, and duffel products. Its business goals are to find bags that resonate with a design-conscious audience, manufacture them at affordable costs, and sell them for a profit at competitive prices.

Buhi aims to design functional bags that evoke nostalgia, bags with enough personality for even the choosiest of Millennials. This goal has been a driving factor that has helped Buhi's sales grow significantly since it was founded in 2009. A student's role as the social media manager is to help Buhi reach this goal by increasing the number of visitors on its website. **There are twelve rounds to the simulation wherein students will be required to create seven to 12 social media posts per week per platform, or one to two per day. A round will be completed each week of the semester for a total of 12 weeks.** Students will be responsible for analyzing their content's performance to determine the optimal number of posts for each platform, as well as the channels they believe will best promote Buhi products. Students will also have a virtual \$5,000 weekly social media advertising budget to promote posts.

It is likely that students will not do very well for the first round or two, so to be familiar with this assignment, we will work in the class step by step. This hands on experience with the simulation, combined with the lesson materials, will help prepare students for success in social media marketing.

(C) EXTRA CREDIT OPPORTUNITY

You may have the opportunity to earn extra credit points by participating in surveys conducted by faculty as part of their research. I will provide more details in the class. Your participation is voluntary and your responses are completely confidential.

(D) COURSE GRADE

Each of the course requirements (e.g., exams, group project) will be graded by assigning numerical points. Your final letter grade for this class will be assigned only at the end of the course based on the points accumulated by the student. **Letter grades are assigned on the basis of a curve.** Normally, the grades are curved as follows:

A's (including A & A-)	35%
B's (including B+, B, & B-)	55%
C's (including C+, C, & C-)	10%
		<u>100%</u>

However, the above distribution is tentative and simply an indicator. **Letter grades also depend on the *absolute level of performance*.** The number of As, Bs & Cs given could be more or less than indicated by the foregoing distribution depending upon the level of performance.

Please note the following:

- 1) I will definitely fail a student for dishonest behavior e.g., cheating or plagiarism in exams or assignments
- 2) This class may seem easy but that does not automatically imply that you will earn an A in the class
- 3) Also, just because you worked hard for this class does not automatically entitle you to an A in this class. Everyone is supposed to work hard.
- 4) Please realize that just because you received an A in one task does not automatically imply that your final grade will be an A because there are many tasks to compose the final grade, which we don't know until the very end of the semester.
