

## **PSYC 3325.061: Learning and Conditioning**

(Online Asynchronous)

**Fall 2021**

### **Instructor:**

Nur Cayirdag, Ph.D.

College of Education and Psychology

**Email:** [ncayirdag@uttyler.edu](mailto:ncayirdag@uttyler.edu) (best way to contact me)

**Office Hours:** Tuesday: 11:00 – 12:30 & Wednesday: 11:00-12:30 or by appointment

### **Office Hours ZOOM Meeting Room Link:**

<https://uttyler.zoom.us/j/4599457758?pwd=WTJOYUE2ZHI0WUNzS1htTGNIWFRaZz09>

**Meeting ID:** 459 945 7758

Office hours will be available via ZOOM. No appointment is needed to meet with the instructor during office hours. To join the meeting, please click on the above link and wait in the waiting room until the instructor lets you in.

**Course Catalog Description:** A survey of historical and contemporary associative and cognitive learning theories, and related conditioning principles, as applied to human and nonhuman animals. Laboratory exercises and demonstrations illustrating learning and conditioning in animals and humans.

### **Student Learning Outcomes:**

- describe the major parts of scientific theories, and explain how we can decide which theories are good and which are not
- describe the different research techniques that psychologists use to study human and animal behavior
- explain the behavioral and cognitive approaches to studying learning and how they differ
- apply the principles of habituation
- compare classical and operant conditioning
- apply various behavior decelerators to undesired behaviors
- discuss the disadvantages of punishment
- apply factors that can affect the performance on reinforcement and punishment strategies
- apply errorless learning and stimulus control theory
- discuss observational learning techniques

**Required Textbook:**

Learning and Behavior, 8e By: James E. Mazur ISBN-10:11386899470

If you are not able to buy the textbook at the beginning of the semester, it is available through the library as an eBook, but access is limited to only 3 users at a time.

NOTE: A student at UT-Tyler is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.

**Course Design:**

This is an asynchronous online course. Asynchronous learning happens on your schedule. There is no online or in-campus meeting for this course. You can access all course materials, including videos, presentations, assignments and quizzes via Canvas, and complete them on your own schedule. But please keep in mind that you must meet the expected deadlines for each activity. Each week on Monday the class will start a new chapter. Within the week, students will manage their time to complete the required assignments that are assigned for the week by Sunday at 11:59 pm!

Please make sure you have logged into Canvas and reviewed the informational messages explaining the workings of this course. I will make course announcements weekly to help you keep track of what assignments are due and inform you of any important updates within the course. It is very important that you are reading each assigned chapter and taking notes on the provided PowerPoints. These notes will be your best tools to help you understand the concepts and complete the required activities.

You may have taken several online courses - or this may be your first time. You may feel confident - or you may feel nervous... not to worry. You will find that the course is laid out in a standard online format that has many similarities to an on-campus course. The syllabus serves as your guide to the course. No matter how convenient or flexible online education may be, taking a course online requires time. It is recommended to identify a block of time once or twice each week to complete the course work.

**Assignments and point values:**

Your final grade for the course will be based on the following:

<b>Assignment</b>	<b>Number of Assignment</b>	<b>Points per assignment</b>	<b>Highest possible points in total</b>
Syllabus Quiz	1	20 points	20 points
Introduce Yourself Assignment	1	20 points	20 points
Chapter Quizzes	12	30 points	360 points
Video Packages	12	30 points	360 points
End of Course Flipgrid	1	40 points	40 points
Final Exam	1	200 points	200 points
<b>Highest possible points in this class: 1000 points</b>			

**Grading Scale:**

A = 900-1000 points
B = 800-899 points
C = 700-799 points
D = 600-699 points
F = 0-599 points

Grades will be available for you to view on Canvas throughout the semester to keep you informed of where you stand in the course. Students are expected to contact the instructor promptly if they are experiencing difficulties that will impede their progress in the course.

**Late Work and Make-Up Exams:** If you miss a graded course requirement for an excused reason (such as a doctor's documented illness, death/funeral, evacuation for a natural disaster, university-related activity, religious observance, etc.), I may accept your late work without any penalty. You will be required to provide an acceptable form of documentation for missing the deadline. That documentation must be submitted via email within 48 hours of missing the course requirement. Please keep in mind that all assignments and tests in the course are available for a window of time not less than 7 days, so due dates are firm if you do not have an acceptable form of documentation.

### **Graded Course Requirements Information:**

**Syllabus Quiz:** After reading the syllabus, students answer a multiple-choice quiz related to the syllabus. It is not timed and there are unlimited attempts to complete it.

**Introduce Yourself Assignment:** Students record a video to introduce themselves in 90 seconds or less via the Flip Grid app (embedded in Canvas). In the video, students share 3 things they would like their classmates to know about them. Then, they must reply to 2 of their classmates' videos on Flip Grid.

**Video Quizzes:** In each chapter, students watch 1-2 short videos and answer 3-6 multiple-choice questions at the end of each video. All video quizzes allow 2 attempts.

**Chapter Quizzes:** At the end of each chapter, students answer 10 multiple-choice questions. All quizzes allow 3 attempts, and your highest grade will be your final grade for each quiz. Chapter quizzes are not timed.

**Final Exam:** This is a cumulative multiple-choice test that has 50 questions and covers all chapters. It is not timed but you are allowed only one single attempt to take the test. You may take the exam any time in the availability window.

### **UT-Tyler Department of Psychology & Counseling Research Requirement**

The Department of Psychology and Counseling requires that all students taking 1000-, 2000-, and 300-level psychology courses to complete a research requirement. (Note that the Research Methods course, Psyc 2331, is exempt from this policy). Some 4000-level courses offer research participation as a means to gain extra credit.

In order to fulfill this requirement or access extra credit opportunities, all students should register in Sona within the first week of class. The registration will take only a few minutes and will include a brief survey to collect demographic data. This data will serve as a screening tool to determine potential survey eligibility.

Once you register in the system, there are two ways to fulfill the research requirement:

**Options:**

- You may complete research credits by participating in psychology studies. One credit is earned for every 30 minutes of research participation. Most studies are worth one credit.
- The number of credits required varies from one course to the next, and you must complete 6 credits for this course.
- In lieu of the research participation, you may instead complete a 5-page research report on a topic that you are interested in psychology. This could mean looking more closely at a topic we've covered in class. Your paper must be written in APA style (7th edition) and includes a cover page and at least 5 scholarly resources. To ensure that your topic is appropriate, you must check it with me before you start to work on your paper.

**Timeline:**

If you choose to complete the research participation, at least 3 of the credits must be submitted on or before October 1st. Failure to do so will result in a **5% reduction** to your final course grade. The remaining 3 credits needed to fulfill the requirement must be submitted on or before the last day of the regular semester (i.e., before the start of finals week). Failure to submit the remaining credits by this date will result in an **additional 5% reduction** to your final grade.

If you choose, instead, to complete the research report, the final report must be submitted to your instructor no later than November 1st. Failure to do so will result in a **10% reduction** to your final course grade. If you are caught plagiarizing or engaging in other forms of academic dishonesty with regard to the research report, you will face university disciplinary measures in addition to the 10% reduction to your final grade.

**Initial Registration and Account Setup:**

The psychology pool administrator maintains the student credits in the department's online research participation system, which is called Sona Systems. Students are required to register with this online system to track and submit their credits.

## How to Create an Account for the Research Sign-up System

Go to the following website: <http://uttyler.sona-systems.com> (Links to an external site.)

Please follow these steps:

- (1) On the right-hand side of the page, click the link that says, “Request Account.”
- (2) Type in your information. Your user ID can be anything you wish. However, note that **YOUR EMAIL ADDRESS MUST BE ACCURATE!!!!** You will also enter your telephone number and select the psychology course(s) that you enrolled in this semester.
- (3) The system will use your email address to send you a password.
- (4) Log into the system at the web address above with your username (that you created) and password (that the system will email to you). You may change your password upon logging in to the system for the first time.
- (5) Click the link that says “Study Sign Up”
- (6) Click the link of the study you wish to participate in (the number of credits the study is worth will be listed on the webpage).
- (7) Click the link that says “Timeslots Available.” Note that a specific study is available until the study is completed, after which you can no longer sign up for it. New studies are posted throughout the semester, but the timing of new study availability depends on the individual researchers in charge of those specific studies.  
Start early!!!! Do NOT wait until the end of the semester to start your research participation. There will NOT be a large number of studies available toward the end of the semester because the researchers and their student assistants are trying to analyze the data from their semester projects before the semester ends. Check Sona each week throughout the semester in order to find new studies in which you can participate!!!!
- (8) Select a date and time that will work for you. Some studies are completely online, so you can complete that study immediately. Other studies require that you show up to one of the psychology research laboratories on campus. There are three psychology laboratories on campus, so please note which one you need to attend.
- (9) The Sona system will send you an email reminder about your study sign-up (including information about the day, time, and location of the study) at 5:00 pm the night before the study is to take place.

(10) Repeat Steps 5 - 8 until you have completed all credits that are required for your course. Any credits you complete beyond those required for your course(s) can potentially be used for extra credit, at the discretion of your instructor.

Once you participate, the system will track the number of credit hours you have completed. This information is available by clicking the “My Schedule/Credits” link.

### **Types of Studies:**

There are two basic types of studies. The first is a laboratory study, and you will meet with a researcher at a specific location on the UT-Tyler campus. The second type is an online study.

With this type of study, you can complete it from any computer connected to the internet.

Although the majority of studies are of the first type, a few online studies may be posted during the semester for your convenience. The type of study will be listed in the description of the project on the website.

### **Canceling an Appointment:**

If you need to cancel an appointment for a timeslot you have signed up for, you can do this from the My Schedule / Credits page on the website. Select this link, and you will see all the studies you have signed up for, as well as those you have completed. Click “Cancel” on the appointment you need to cancel, and you will see a confirmation page. Note, however, that you should avoid canceling an appointment unless absolutely necessary. Aside from not receiving the credit from the study, you are also inconveniencing the student researchers who are waiting at the laboratory to greet you. If you do need to cancel, you may try to contact the researcher in charge of the study (listed on the website) to reschedule.

**To assign credits to specific courses –in the event that you are in more than one course that requires participation and/or offers extra credit for participation – please do the following:**

- Click the “My Schedule/Credits” link.
- Assign the credits for each study in which you have participated to a specific course. This may include volunteer hours for student counseling.
- The system will allow you to assign any number of the total credits you have accumulated to any specific course. However, you only have your total number of accumulated credits to distribute to your course(s). For example, if you have two courses that require participation and you have 10 accumulated credits, you can allocate those 10 credits to one course, the other course, or divide them in some way between both courses.

Before the end of the semester, be sure that you “apply” the credits that you have accumulated to the course(s) that require research participation and/or that offer extra credit for participating in research or volunteering for counseling.

If you have any questions about Sona or the research participation requirement for your course, please talk with your course instructor. Or, you may contact the Sona System administrator, Dr. Stocks, directly at [estocks@uttyler.edu](mailto:estocks@uttyler.edu).

### Calendar of Topics, Readings, and Due Dates

Week	Due Date	Readings	Assignments
1	August 29	Introduction to Course Materials	Syllabus Quiz Introduce Yourself Assignment
2	September 5	Chapter 1. History, Background, and Basic Concepts	Video Quiz: Dr. Tracy Shors describes research on neurogenesis Video Quiz: Relation between neurotransmitters and depression Chapter 1 Quiz
3	September 12	Chapter 2. Innate Behavior Patterns and Habituation	Video Quiz: Infant Looking Time Habituation Video Quiz: Eric Kandel - Using Aplysia to study the neuroscience of behavior Chapter 2 Quiz
4	September 19	Chapter 3. Basic Principles of Classical Conditioning	Video Quiz: Classical Conditioning Video Quiz: PTSD Therapy Session at VA using Virtual Iraq Chapter 3 Quiz

5	September 26	Chapter 4. Theories and Research on Classical Conditioning	Video Quiz: Flavor Aversion Learning in Cancer Treatment   Robert Batsell Chapter 4 Quiz
6	October 3	Chapter 5. Basic Principles of Operant Conditioning	Video Quiz: B. F. Skinner, Behaviorism and Your Superstitious Beliefs Video Quiz: Why do people work? Barry Schwartz Chapter 5 Quiz
7	October 10	Chapter 6. Reinforcement Schedules: Experimental Analyses and Applications	Video Quiz: ABA Autism Training - The Discrete Trial Video Quiz: ABA Autism Training - Reinforcement Chapter 6 Quiz
8	October 17	Chapter 7. Avoidance and Punishment	Video Quiz: Differential Reinforcement Video Quiz: Martin Seligman - Positive Education Chapter 7 Quiz
9	October 24	Chapter 8. Theories and Research on Operant Conditioning	Video Quiz: Biofeedback Demonstration, Dr. James L. Thomas Video Quiz: Premack's principle to train a dog Chapter 8 Quiz
10	October 31	Chapter 9. Stimulus Control and Concept Learning	Video Quiz: Concept learning in pigeons Video Quiz: Email and disruptive stimulus control Chapter 9 Quiz

11	November 7	Chapter 10. Comparative Cognition	Video Quiz: Chimpanzees' Sophisticated Use of Tools Video Quiz: Counting by a chimpanzee and by the parrot Alex Chapter 10 Quiz
12	November 14	Chapter 11. Observational Learning and Motor Skills	Video Quiz: Bandura's Bobo Doll Experiment Video Quiz: Schema theory and its application in sports Chapter 11 Quiz
13	November 21	Chapter 12. Choice	Video Quiz: How behavioral science can lower your energy bill, Alex Laskey Video Quiz: Tragedy of The Commons Chapter 12 Quiz
14	December 5		Course Reflection Video
15	December 11	Chapters 1-12	Final Exam

### University Policies and Information:

**Withdrawing from Class** - Students you are allowed to [withdraw \(Links to an external site.\)](#) (drop) from this course through the University's [Withdrawal Portal \(Links to an external site.\)](#). Texas law prohibits students who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at other 2-year or 4-year Texas public colleges and universities. Make sure to consider the impact withdrawing from this class has on your academic progress as well as the financial implications. We encourage you to consult your advisor(s) and financial aid for additional guidance. CAUTION #1: Withdrawing before census day does not mean you get a full refund. Please see the [Tuition and Fee Refund Schedule \(Links to an external site.\)](#). CAUTION

#2: All international students must check with the [Office of International Programs \(Links to an external site.\)](#) before withdrawing. All international students are required to enroll full-time for fall and spring terms.

**Final Exam Policy:** Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members are required to maintain student final examination papers for a minimum of three months following the examination date.

**Incomplete Grade Policy:** If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in lieu of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all course work or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor; and (c) the student presents these reasons prior to the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average for a student. The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to complete all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has not been assigned within one year, then the Incomplete will be changed to an F, or to NC if the course was originally taken under the CR/NC grading basis.

**Grade Appeal Policy:** - UT Tyler's Grade Appeal policy requires the completion of a Grade Appeal form for this action to take place. The grade appeal begins with the instructor of your course. If you do not agree with the decision of the instructor, you may then move your appeal to the department chair/school director for that course. If you are still dissatisfied with the decision of the chair/director, you may move the appeal to the Dean of the College offering that course who has the final decision. Grade appeals must be initiated within sixty (60) days from the date of receiving the final course grade. The Grade Appeal form is found on the [Registrar's Form Library. \(Links to an external site.\)](#)

**Disability/Accessibility Services:** The University of Texas at Tyler has a continuing commitment to providing reasonable accommodations for students with documented disabilities. Students with disabilities who may need accommodation(s) in order to fully participate in this class are urged to contact the Student Accessibility and Resources Office (SAR) as soon as possible to explore what arrangements need to be made to ensure access. If you have a disability, you are encouraged to visit the [SAR Portal \(Links to an external site.\)](https://hood.accessiblelearning.com/UTTyler/) ([https://hood.accessiblelearning.com/UTTyler/ \(Links to an external site.\)](https://hood.accessiblelearning.com/UTTyler/)) and complete the New Student Application. For more information, please visit the [SAR webpage \(Links to an external site.\)](#) or call 903.566.7079.

**Military Affiliated Students:** UT Tyler honors the service and sacrifices of our military affiliated students. If you are a student who is a veteran, on active duty, in the reserves or National Guard, or a military spouse or dependent, please stay in contact with me if any aspect of your present or prior service or family situation makes it difficult for you to fulfill the requirements of a course or creates disruption in your academic progress. It is important to make me aware of any complications as far in advance as possible. I am willing to work with you and, if needed, put you in contact with university staff who are trained to assist you. Campus resources for military affiliated students are in the [Military and Veterans Success Center \(Links to an external site.\)](#). The MVSC can be reached at MVSC@uttyler.edu, or via phone at 903.565.5972.

**Academic Honesty and Academic Misconduct:** The UT Tyler community comes together to pledge that "Honor and integrity will not allow me to lie, cheat, or steal, nor to accept the actions of those who do." Therefore, we enforce the [Student Conduct and Discipline policy \(Links to an external site.\)](#) in the Student Manual Of Operating Procedures (Section 8).

**FERPA** - UT Tyler follows the Family Educational Rights and Privacy Act (FERPA) as noted in [University Policy 5.2.3 \(Links to an external site.\)](#). The course instructor will follow all requirements in protecting your confidential information.

### **COVID Guidance**

*Information for Classrooms and Laboratories:* Students are ***strongly encouraged*** to wear face masks covering their nose and mouth in public settings (including classrooms and laboratories). The UT Tyler community of Patriots views adoption of these practices consistent with its [Honor](#)

[Code \(Links to an external site.\)](#) and a sign of good citizenship and respectful care of fellow classmates, faculty, and staff.

Students who are feeling ill or experiencing symptoms such as sneezing, coughing, or a higher than normal temperature should stay at home and notify their faculty. Students needing additional accommodations may contact the Office of Student Accessibility and Resources at University Center 3150, or call (903) 566-7079 or email [saroffice@uttyler.edu](mailto:saroffice@uttyler.edu).

*Recording of Class Sessions:* Class sessions may be recorded by the instructor for use by students enrolled in this course. Recordings that contain personally identifiable information or other information subject to FERPA shall not be shared with individuals not enrolled in this course unless appropriate consent is obtained from all relevant students. Class recordings are reserved only for the use of students enrolled in the course and only for educational purposes. Course recordings should not be shared outside of the course in any form without express permission.

**Absence for Official University Events or Activities:** This course follows the practices related to approved absences as noted by the Student Manual of Operating Procedures ([Sec. 1 - 501 \(Links to an external site.\)](#)).

**Absence for Religious Holidays:** Students who anticipate being absent from class due to a religious holiday are requested to inform the instructor by the second class meeting of the semester.

**Campus Carry:** We respect the right and privacy of students who are duly licensed to carry concealed weapons in this class. License holders are expected to behave responsibly and keep a handgun secure and concealed. More information is available at <http://www.uttyler.edu/about/campus-carry/index.php>. ([Links to an external site.](#))

#### **UT Tyler Resources for Students:**

- UT Tyler Writing Center (903.565.5995), [writingcenter@uttyler.edu](mailto:writingcenter@uttyler.edu)
- UT Tyler Tutoring Center (903.565.5964), [tutoring@uttyler.edu](mailto:tutoring@uttyler.edu)
- The Mathematics Learning Center, RBN 4021, this is the open access computer lab for math students, with tutors on duty to assist students who are enrolled in early-career courses.
- UT Tyler Counseling Center (903.566.7254)

#### **CEP Vision and Mission and Program Standards:**

*Vision:* The College of Education and Psychology is nationally recognized and respected for its academic programs and opportunities. It is a center of academic excellence, scholarly inquiry, and public service. The College prepares leaders to meet the critical challenges of the 21st Century, to make significant contributions to local and global communities, and to work toward individual and cultural equity.

*Mission:* The mission of the College of Education and Psychology is to provide a positive environment that fosters the acquisition of knowledge and skills. The mission is individually and collectively realized through a community of scholars that contribute to knowledge through scholarly inquiry; organizes knowledge for application, understanding, and communication; and provides leadership and service. Additionally, the College is committed to affirming and promoting global perspectives, cultural diversity, and respect for individual differences as a means of enhancing learning, service, and scholarship.
