

7. Familiarize the students with the procedures used to design pavements.
8. Develop a fundamental understanding of the analysis of pavement structures (develop necessary analytical skills to analyze stresses and strains in pavement system).
9. Understand the concepts and theory behind the materials and drainage characterization requirements for input in pavement structural design and performance.

**Prerequisites:**

CENG 3351: Transportation Engineering Systems.

**Required Texts:**

Traffic Engineering, Roger P. Roess, William R. McShane, and Elena S. Prassas, 4th Edition (or newer), Prentice Hall, 2010. ISBN: 0136135730. ISBN-13: 9780136135739. Available at the bookstore and web outlets.

**Supplemental Textbooks/References:**

- Pavement Analysis and Design, Y. H. Huang, 2nd Edition, Prentice Hall, 2004. ISBN-10: 0131424734. ISBN-13: 978-0131424739. Available at the bookstore and web outlets.
- HCM2010: Highway Capacity Manual 2010 (with U.S. Units). Copies/handouts of some chapters will be provided
- MUTCD: Manual on Uniform Traffic Control Devices 2009 Edition dated December 2009 (in both html and pdf formats, as well as a list of known errors included) [http://mutcd.fhwa.dot.gov/kno\\_2009.htm](http://mutcd.fhwa.dot.gov/kno_2009.htm) (which is the most recent version for the MUTCD). MUTCD's & Traffic Control Devices Information currently used in Texas adopt this national manual and some supplements are added specifically for the State of Texas. Detailed information can be found in this website: <http://www.txdot.gov/government/enforcement/signage/tmutcd.html>
- Additional handouts/references for the use of traffic software will be provided in due course.

## Schedule (Tentative and Subject to Change):

Course Schedule - Subject to Revision			
Date	Lesson #	Material Covered	Lesson Material
22-Aug	1	Introduction to Traffic Engineering	Ch. 1
24-Aug	2	Traffic stream	Ch. 5
24-Aug	Lab 1: Introduction		
29-Aug	3	Traffic stream	Ch. 5
31-Aug	4	Volume studies	Ch. 9
31-Aug	Lab 2: Turning Movement Counts		
5-Sep	LABOR DAY: NO CLASS		
7-Sep	5	Volume studies	Ch. 9
7-Sep	Lab 3: Turning Movement Counts and Intro. to Synchro		
12-Sep	6	Speed, travel time, delay	Ch. 10
14-Sep	7	Speed, travel time, delay	Ch. 10
14-Sep	Lab 4: Speed Studies		
19-Sep	8	Accident/safety studies	Ch. 11
21-Sep	9	Accident/safety studies	Ch. 11
21-Sep	Lab 5: Accident Study		
26-Sep	10	Parking Studies	Ch. 12
28-Sep	11	Parking Studies	Ch. 12
28-Sep	Lab 6: Parking Study		
3-Oct	Exam 1		
5-Oct	12	Introduction of traffic control devices	Ch. 4
5-Oct	Lab 7: 3D-Move		
10-Oct	13	Introduction of traffic control devices	Ch. 4
12-Oct	14	MUTCD signing and marking	Ch. 17
12-Oct	Lab 8: 3D-Move		
17-Oct	15	MUTCD signing and marking	Ch. 17
19-Oct	16	Hierarchy of Intersection Control	Ch. 18
19-Oct	Lab 9: PaveXpress		
24-Oct	17	Hierarchy of Intersection Control	Ch. 18
26-Oct	18	Hierarchy of Intersection Control	Ch. 18
26-Oct	Lab 10: Introduction to pavement engineering		
31-Oct	19	Signals	Ch. 20
2-Nov	20	Signals	Ch. 20
2-Nov	Lab 11: Introduction to pavement engineering		
7-Nov	Exam 2		
9-Nov	21	Signals	Ch. 20
9-Nov	Lab 12: Rotational Viscometer		
14-Nov	22	Introduction to pavement engineering	PPT
16-Nov	23	How Do Asphalt Pavements Fail?	PPT
16-Nov	Lab 13: Penetration Test		
21-Nov	Thanksgiving Holiday: NO classes		
23-Nov			
23-Nov			
28-Nov	24	Pavement Design methods	PPT
30-Nov	25	Material characterization	PPT
30-Nov	Lab 14: Final Review Session		
5-Dec	Study Day		

**Exams:**

There will be 2 midterm examinations and one final examination. The exams are **TENTATIVELY** scheduled for:

Exam 1:       October 3<sup>rd</sup>  
Exam 2:       November 7<sup>th</sup>  
Final Exam:   TBD

Exams dates may be moved up or pushed back depending on the progress of the lectures. You can use a calculator and instructor approved reference material. Solutions to exams will **NOT** be posted however, key answers will be demonstrated at class. No make-up exams will be given except for medical or other similar hardships where advanced arrangements are made with the instructor; or in case of non-selective medical emergencies with appropriate physician's note or documentation. Other than circumstances described above, failure to take the exam at the scheduled time will constitute a grade of zero in the exam.

**Homework:**

Homework will be assigned on regular basis. **Homework is due on the date assigned at the beginning of lecture.** No late homework will be accepted except when arrangements are made with the instructor ahead of time. Solutions will be posted on Canvas. **5% Extra credit will be given for each fully computer-typed homework assignments.**

**Term paper (for 5351 students):**

Term paper topic will be assigned by the mid of September.

**Laboratory:**

There will be a series of labs completed during the semester. We will meet for lab on Wednesday's from 2:30pm-5:15pm in RBS 1031.

Be sure to review the handout and complete all required work prior to coming to lab. This will help to prepare you the experiment and help to make the sessions run smoother. If necessary a quiz will be given at the beginning of the lab which covers the experiment for the day.

You will work in groups to complete each lab. The instructor will assign the groups. Each group will be required to turn in one report for the entire group. However, there may be some lab assignments which are done individually. The format for the report is provided with the syllabus. You are encouraged to visit the writing center as they can provide excellent feedback and help you with your writing.

**Grades (For 4351):**

Homework/Quizzes = 20%  
Professional Practice = 10%  
Midterm Exams (2) = 30%  
Final Exam = 20%  
Labs= 20%

**Grade Scale:**

A: 90-100  
B: 80-89  
C: 70-79  
D: 60-69  
F: <60

**Grades (For 5351):**

Homework/Quizzes = 10%  
Professional Practice = 5%  
Midterm Exams (2) = 30%  
Final Exam = 20%  
Labs= 20%  
Term Paper = 15%

**Grade Scale:**

A: 90-100  
B: 80-89  
C: 70-79  
D: 60-69  
F: <60

**\*\*NOTE:** There will be no makeup work or extra credit allowed/granted at the end of or during the semester unless allowed/granted to everyone by the instructor. All assignments must be turned in at the appropriate time to receive credit.

Calculator Policy:

**Only NCEES approved calculators will be permitted during tests and your test will be collected and your grade will be a zero if you are using a non-approved calculator.**

The approved calculators include the following: (Please check the NCEES website for a complete listing, [www.ncees.org/exams/calculator-policy/](http://www.ncees.org/exams/calculator-policy/)). Examples include but are not limited to:

- Hewlett Packard – HP 33s, HP 35s, and no others
- Casio – All FX 115 models
- Texas Instruments – All TI 30X or TI-36X models.
- If you are unsure about your calculator, it is your responsibility to check with the instructor for approval.

At the discretion of the course instructor, any calculator not meeting the requirements stated (especially in the case of a graphing calculator) may be used but only after an inspection of the device and a clearing of all the memory within the device, performed for the instructor at a time immediately prior to the exam. At any time during the exam your calculator is subject to a random search by the instructor. Failure or refusal to clear all memory or to surrender your calculator to search will disqualify you from the exam immediately, unless you can produce a calculator meeting the requirements as stated above.

-Laptops/PDAs/MP3 players/Cell Phones or other electronic devices:

The use of any electronic device, except an approved calculator, is not permitted during exams. Your exam will be collected and your grade will be a zero if you are caught using a non-approved electronic device/calculators. Any instances of a calculator inappropriately used during an exam will be the basis of alleging Academic Misconduct and may result in Failing (F) of the course at the determination of the course's instructor or the basis for a recommendation for expulsion from the

University. Any Calculator used during an exam in this course must meet the requirements stated within the policy below.

**Professional Practice:**

Your professional practice grade will be computed based upon your attendance and the number of assignments you turn in that are completed in a professional manner.

**Final day to withdraw:**

The final day to withdraw from the course without penalty is **November 4<sup>th</sup>**.

**Census dates:**

The university requires that instructors to report the attendance to the register at various points in the semester. Therefore, on **September 2<sup>nd</sup>** I will be taking attendance. Please make sure you are there for class on that date or notify ahead if you will not be there.

## CENG 4351/5351 General Requirements for Laboratory Reports

**Lab Time:** Wednesday: 2:30 PM-5:15 PM, RBS 1031

A laboratory report is required for each experiment performed. Only one lab report is required per group for most labs. There may however be certain labs that require each person to submit their own work. Due dates for each lab will be posted. The report should be in the following format.

- **Cover Page:** Laboratory Title, Course Number (CENG 4351), Your Names and Group Number. Each person in the group sign the cover page indicating that they have read the report and approve of the contents contained within.
- **Objective:** Purpose of the experiment should be explained in a few sentences.
- **Procedure:** Include a summarized procedure of the steps you took to complete this lab. Numbered list is preferred.
- **Results and Discussion:** Present tabulated raw data (data sheets are provided with the standard laboratory procedure), relevant calculations, and required plots. **BE SURE TO USE CAPTIONS FOR FIGURES, TABLES AND GRAPHS! Refer to the figures, graphs and tables by number in the text of the discussion.** Partial credit can only be assigned if you present your work in a logical manner. Neatly show your work and attach a page of sample calculations.

Try to have a good understanding of each experiment. Analyze your results. Identify probable sources of error that may have occurred while you performed the laboratory, and explain that how these errors might affect your results (final value will increase or decrease). **DISCUSS!!** For example, what trends do you notice in the data? Do the results make sense? Are they what you expected? If so why? If not, why not? Some labs will have more data than others to discuss. Be sure to give a thorough discussion of your results.

- **Conclusions:** Summarize your results. Relate what you have learned from class about soil mechanics to what you have learned from performing this lab. Explain that how this experiment is useful to solve the practical civil engineering problems.
- **Team Contributions:** The contributions of each team member should be stated in this section. List what portions of the report each person contributed towards and how much time each person spent. It is okay to have multiple people working on any part.

### GRADING

Participation in Lab and Cleanup Report	20 %
• Objective	5 %
• Procedure	10%
• Results and Discussion	40 %
• Conclusions	25 %

### THINGS TO REMEMBER

- After finishing the experiments, clean the instruments and the work area.
- Data sheets should be typed in Excel
- Sample calculations can be typed or written neatly on engineering paper and placed as an appendix of the report. The remainder of the report should be typewritten.
- When writing your reports, avoid using first person like “I” or “we”.
- **USE CAPTIONS FOR FIGURES AND TABLES! REFER TO THESE FIGURES AND TABLES SPECIFICALLY IN THE TEXT USING THE FIGURE/TABLE NUMBER!**

# University Policies and Information

- **Withdrawing from Class** - Students you are allowed to [withdraw \(Links to an external site.\)](#) (drop) from this course through the University's [Withdrawal Portal \(Links to an external site.\)](#). Texas law prohibits students who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at other 2-year or 4-year Texas public colleges and universities. Make sure to consider the impact withdrawing from this class has on your academic progress as well as the financial implications. We encourage you to consult your advisor(s) and financial aid for additional guidance. CAUTION #1: Withdrawing before census day does not mean you get a full refund. Please see the [Tuition and Fee Refund Schedule \(Links to an external site.\)](#). CAUTION #2: All international students must check with the [Office of International Programs \(Links to an external site.\)](#) before withdrawing. All international students are required to enroll full-time for fall and spring terms.
- **Final Exam Policy**: Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members are required to maintain student final examination papers for a minimum of three months following the examination date.
- **Incomplete Grade Policy**: If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in lieu of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all course work or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor; and (c) the student presents these reasons prior to the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average for a student.

The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to complete all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has not been assigned within one year, then the Incomplete will be changed to an F, or to NC if the course was originally taken under the CR/NC grading basis.
- **Grade Appeal Policy**: - UT Tyler's Grade Appeal policy requires the completion of a Grade Appeal form for this action to take place. The grade appeal begins with the instructor of your course. If you do not agree with the decision of the instructor, you may then move your appeal to the department chair/school director for that course.

If you are still dissatisfied with the decision of the chair/director, you may move the appeal to the Dean of the College offering that course who has the final decision. Grade appeals must be initiated within sixty (60) days from the date of receiving the final course grade. The Grade Appeal form is found on the [Registrar's Form Library](#). ([Links to an external site.](#))

- **Disability/Accessibility Services:** The University of Texas at Tyler has a continuing commitment to providing reasonable accommodations for students with documented disabilities. Students with disabilities who may need accommodation(s) in order to fully participate in this class are urged to contact the Student Accessibility and Resources Office (SAR) as soon as possible to explore what arrangements need to be made to ensure access. If you have a disability, you are encouraged to visit the [SAR Portal](#) ([Links to an external site.](#)) (<https://hood.accessiblelearning.com/UTTyler/> ([Links to an external site.](#))) and complete the New Student Application. For more information, please visit the [SAR webpage](#) ([Links to an external site.](#)) or call 903.566.7079.
- **Military Affiliated Students:** UT Tyler honors the service and sacrifices of our military affiliated students. If you are a student who is a veteran, on active duty, in the reserves or National Guard, or a military spouse or dependent, please stay in contact with me if any aspect of your present or prior service or family situation makes it difficult for you to fulfill the requirements of a course or creates disruption in your academic progress. It is important to make me aware of any complications as far in advance as possible. I am willing to work with you and, if needed, put you in contact with university staff who are trained to assist you. Campus resources for military affiliated students are in the [Military and Veterans Success Center \(MVSC\)](#) ([Links to an external site.](#)). The MVSC can be reached at MVSC@uttyler.edu, or via phone at 903.565.5972.
- **Academic Honesty and Academic Misconduct:** The UT Tyler community comes together to pledge that "Honor and integrity will not allow me to lie, cheat, or steal, nor to accept the actions of those who do." Therefore, we enforce the [Student Conduct and Discipline policy](#) ([Links to an external site.](#)) in the Student Manual Of Operating Procedures (Section 8).
- **FERPA** - UT Tyler follows the Family Educational Rights and Privacy Act (FERPA) as noted in [University Policy 5.2.3](#) ([Links to an external site.](#)). The course instructor will follow all requirements in protecting your confidential information.
- **COVID Guidance**
  - *Information for Classrooms and Laboratories:* It is important to take the necessary precautions to ensure a healthy and successful year. UT Tyler continues to urge you to protect yourselves against the flu, COVID and any new threats that may be developing. Be diligent about preventive measures such as washing hands, covering sneezes/coughs, social distancing and vaccinations, which have proven to be successful in slowing the spread of viruses. Encourage those who don't feel well to stay home, and if they show symptoms, ask them to get tested for the flu or COVID. Self-isolation is important to reduce exposure (CDC quarantine/isolation guidelines). Please work with your faculty members to maintain coursework and please consult existing campus resources for support.

Students who are feeling ill or experiencing symptoms such as sneezing, coughing, or a higher than normal temperature will be excused from class and should stay at home and may join the class remotely. Students who have difficulty adhering to the Covid-19 safety policies for health reasons are also encouraged to join the class remotely. Students needing additional accommodations may contact the Office of Student Accessibility and Resources at University Center 3150, or call (903) 566-7079 or email [saroffice@uttyler.edu](mailto:saroffice@uttyler.edu).

- **Recording of Class Sessions:** Class sessions may be recorded by the instructor for use by students enrolled in this course. Recordings that contain personally identifiable information or other information subject to FERPA shall not be shared with individuals not enrolled in this course unless appropriate consent is obtained from all relevant students. Class recordings are reserved only for the use of students enrolled in the course and only for educational purposes. Course recordings should not be shared outside of the course in any form without express permission.
- **Absence for Official University Events or Activities:** This course follows the practices related to approved absences as noted by the Student Manual of Operating Procedures ([Sec. 1 -501 \(Links to an external site.\)](#)).
- **Absence for Religious Holidays:** Students who anticipate being absent from class due to a religious holiday are requested to inform the instructor by the second class meeting of the semester.
- **Campus Carry:** We respect the right and privacy of students who are duly licensed to carry concealed weapons in this class. License holders are expected to behave responsibly and keep a handgun secure and concealed. More information is available at <http://www.uttyler.edu/about/campus-carry/index.php>.
