***Course Structure and Delivery***

Canvas will be used to deliver course content and assignments in this class. You can access Canvas through the *UT Tyler Logins* link at the top of the UT Tyler main website (you will need your ID and password). Important class resources, including the syllabus, course schedule, announcements, and external links, as well as the weekly modules, will be accessed here.

*Technical requirements:* There are minimum technological requirements that must be met in order to complete this course. If you have technical problems, please review the [UT Tyler Technical Support](#) page.

***There is no required text for this course.***

***Course Objectives:*** Students who complete this course should be able to—

1. Identify the academic departments and programs within the School of Health Professions at UT Tyler.
2. Recognize the leaders of the School of Health Professions.
3. Identify the academic support programs available to students at UT Tyler.
4. Understand good study practices and be prepared to use them.
5. Be familiar with opportunities for extracurricular activities and social interactions at UT Tyler.
6. Understand your degree plan and know how to get advising help.

***Grading is “Credit/No Credit”.***

***Students must access each Canvas module to receive credit for the course.***

**ARTIFICIAL INTELLIGENCE RESOURCES**

All work submitted for this course must be your own. Doing your own work, without human or artificial intelligence assistance, is best for your efforts in mastering course learning objectives. For this course, I expressly forbid using ChatGPT or any other artificial intelligence (AI) tools for any stages of the work process, including brainstorming. Deviations from these guidelines will be considered a violation of UT Tyler’s Honor Code and academic honesty values.
