Submitting the same or slightly modified assignments from previous semesters is considered self-plagiarism and is subject to academic discipline, including failing the assignment or the course.

**Attendance and Make-up Policy:** Attendance / participation is expected. Make-up for exams, quizzes, assignments, clinical time missed is at the discretion of the instructor.

**Deliverables**

**Introduction. *World View Paper*** (not graded but required to complete). Thinking about your philosophical approach to your nursing practice and your envisioned future, you will write a 1-3-page statement of your world view of nursing. You will discuss the

evolution of your worldview and how it advises your approach to nursing. You will predict the stability of this worldview about your future plans.

**Module 1. *Conversing with Socrates*.** For five weeks we will engage in a discussion of different topics from the viewpoint of the philosophers over the centuries. Socrates will post a weekly question that you will answer from the viewpoint of one of the philosophers from the school of thought we are investigating that week. You may choose any philosopher if he (or she) is at the same time and school of thought for that week. You are to post comments on FOUR of the five weeks. Guidelines for postings and grading criteria are available in Assignments on Canvas.

**Module 2. *Philosophical Argument Paper*.** You will select and address an issue in nursing which has two or more viewpoints. You will use the Toulmin Argument Model to develop this paper. See Instructions/Grading Criteria for more information about format, preparation, and expectations.

**Module 3. *Philosophical Traditions, Epistemology, and Ontology Synthesis Paper*.** You will select an integrative review that reflects your nursing problem of interest, critique it according to established guidelines, and relate how that review reflects patterns of knowing, ontological perspectives and philosophical traditions that influenced the discipline of nursing.

**Discussion Board** - Part of your grade will come from your preparation and commitment to the philosophical maturation of your fellow students supported by relevant reading to support your logical, meaningful, and probing analysis on the discussions and responses to the discussion board. You will use integration of materials from a variety of sources, synthesis of materials, and documentation of your strong points to contribute to a scholarly learning environment in the cyber classroom. Promptness of comments and postings will contribute to this grade.

### **Participation Expectations and Discussion Assignments**

Refer to the Grading Rubric posted in the Assignment section in Canvas. Each participant is responsible for participating in the asynchronous discussions of each MODULE. This participation will include posting answers to questions posed by the instructor and replying to other participants' postings.

- A five-week discussion board assignment will occur in Module 1. Discussion postings and response comments should be made in a timely manner. Deadlines are listed in the Course Schedule but posting earlier will give your student colleagues and Socrates a chance to engage in some dialogue of your thoughts. Please note that all discussion postings must be completed by midnight Central Standard Time on the due date.
- Participants should plan on entering the Discussion Board area at least three times

a week to read and comment on any postings.

- Quality of comments and responses is as important as quantity. A participant's comments should add to the discussion. Comments should be supported as required with references cited appropriately. The instructor and/or participants may use synchronous chats as the need arises.

**NOTE:** When posting to any discussion area, please type your comments directly into the discussion. Do not type your comments into a document and then attach it to the discussion-this method is difficult for some students to access. You may type your comments into a Word document, then copy and paste it into the Discussion Board.

### **Written Assignments**

- All written assignments are to be completed in APA format using Microsoft Word and are to be submitted in a timely manner. Deadlines are listed in the Course Calendar and on the Canvas Calendar.
- Please note that all written assignments must be submitted by midnight Central Standard Time on the due date.
- All written assignments should be submitted through the assignment links. If your web connection is down for some reason, please notify the instructor as soon as possible. Internet loss does happen, but not frequently.
- Plagiarism is a serious academic offense. Please avoid the consequences of academic dishonesty by citing all sources that you use in your work.

### **Assignments/Projects Turn-In Process**

Submit all assignments and projects through the assignments link in Canvas. Please see the Canvas guides for instruction.

### **University Policies and Information**

**Withdrawing from Class:** Students you are allowed to [withdraw](#) (drop) from this course through the University's [Withdrawal Portal](#). Texas law prohibits students who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at other 2-year or 4-year Texas public colleges and universities. Make sure to consider the impact withdrawing from this class has on your academic progress as well as the financial implications. We encourage you to consult your advisor(s) and financial aid for additional guidance. CAUTION #1: Withdrawing before census day does not mean you get a full refund. Please see the [Tuition and Fee Refund Schedule](#). CAUTION #2: All international students must check with the [Office of International Programs](#) before withdrawing. All international students are required to enroll full-time for fall and spring terms.

**Final Exam Policy:** Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members are required to maintain student final examination papers for a minimum of three months following the examination date.

**Incomplete Grade Policy:** If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in lieu of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all course work or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor; and (c) the student presents these reasons prior to the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average for a student.

The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or

college dean for approval. The time limit established must not exceed one year. Should the student fail to complete all of the work for the course within the time limit, then the instructor may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has not been assigned within one year, then the Incomplete will be changed to an F, or to NC if the course was originally taken under the CR/NC grading basis.

**Grade Appeal Policy:** UT Tyler's Grade Appeal policy requires the completion of a Grade Appeal form for this action to take place. The grade appeal begins with the instructor of your course. If you do not agree with the decision of the instructor, you may then move your appeal to the department chair/school director for that course. If you are still dissatisfied with the decision of the chair/director, you may move the appeal to the Dean of the College offering that course who has the final decision. Grade appeals must be initiated within sixty (60) days from the date of receiving the final course grade. The Grade Appeal form is found on the [Registrar's Form Library](#).

**Disability/Accessibility Services:** The University of Texas at Tyler has a continuing commitment to providing reasonable accommodations for students with documented disabilities. Students with disabilities who may need accommodation(s) in order to fully participate in this class are urged to contact the Student Accessibility and Resources Office (SAR) as soon as possible to explore what arrangements need to be made to ensure access. If you have a disability, you are encouraged to visit the [SAR Portal \(https://hood.accessiblelearning.com/UTTyler/\)](https://hood.accessiblelearning.com/UTTyler/) and complete the New Student Application. If you are a student who is a veteran, on active duty, in the reserves or National Guard, or a military spouse or dependent, please stay in contact with me if any aspect of your present or prior service or family situation makes it difficult for you to fulfill the requirements of a course or creates disruption in your academic progress. It is important to make me aware of any complications as far in advance as possible. I am willing to work with you and, if needed, put you in contact with university staff who are trained to assist you. Campus resources for military affiliated students are in the [Military and Veterans Success Center \(MVSC\)](#). The MVSC can be reached at MVSC@uttyler.edu, or via phone at 903.565.5972.

The UT Tyler community of Patriots views adoption of these practices consistent with its [Honor Code](#) and a sign of good citizenship and respectful care of fellow classmates, faculty, and staff.
