Writing for publication and obtaining funding will be examined. Dissemination of findings through oral presentations, as well as use of online resources related to scholarship will be reviewed.

Course Learning Objectives

Upon successful completion of this course, the student will be able to:

1. identify aspects of nursing scholarship and specific types related to the scholarship of discovery.
2. compare and contrast resources that make knowledge applicable in the workplace.
3. develop and apply skills to a variety of dissemination methods.
4. develop and apply critiquing skills.

Grading Policy and Criteria

Students are expected to achieve an average of 80% (B) to successfully complete the course. Late policy: *Permission for late assignments must be obtained prior to due dates. If no permission is granted, late submissions will incur a 5 point per day deduction. Extenuating circumstance may apply.*

Important Course Dates:

Note: The complete course schedule is available in the Course Canvas site.

Attendance and Make-up Policy

Attendance / participation is expected. Make-up for exams, quizzes, assignments, and required face to face time is at the discretion of the instructor.

Face to Face Meetings & Office Hours

- We will meet with the UT Tyler librarian twice this semester. Dates, times, and Zoom links will be posted in an announcement. Meetings will be recorded and a link posted if you are unable to attend real time.
- I will have weekly office hours when we can discuss assignment expectations, questions, and topics of interest. We will decide on a day and time for office hours the first week of class. Office hours are a great time to share what you've learned and gain insights from your colleagues! Office hours are the highlight of my week. 😊
- At the end of the semester you will present to your colleagues and I what you have learned about your research topic during a face-to-face, live, Zoom session. I will post a doodle poll and you will sign up for a day that is convenient.

DISCUSSION BOARD POSTINGS GRADING CRITERIA

The purpose of the discussion board in an online doctoral program is to take the place of the class interchange that would occur in a face-to-face class. It is your opportunity to demonstrate your mastery of the assigned readings and your ability to supplement those readings with expanded exposure to related (and sometimes contrary) information that you will seek in your self-directed quest to understand and be informed. To that end, we will expect you to share ideas you have gained from the literature noting the source and interpreting into your own words. We will also expect that you will use a more complex thought process to dissect and analyze what you read in the literature and in the discussion thoughts of your fellow students as you offer your own insights. We do not care if you use big words or a lot of words (remember, the world values parsimony), but we are eager to read your thoughtful insights into the questions and statements, your analysis of the words and ideas, and your recommendations for future pathways for nursing and healthcare. The following information will give you some guidelines and allow you to see thinking process we will use to assign a grade to the discussion board exercises.

CRITERIA/POINTS	0			25
Format and logical progression of posting	Spelling and grammar errors detract from the substance of the posting; random thoughts with no sense of a plan to reach a logical conclusion. No clear main idea or direction for flow of information.		midpoint	Form is superior; obvious attention to proofreading and grammar. Main idea is stated early and clearly; argument or ideas are built using a logical progression of thoughts which are stated clearly and succinctly.
Depth and relevance of post to the topic at hand	Posting shows superficial thinking based on personal experiences or opinions only, there is little consideration of contributions to the topic in the literature or from colleagues. Literature support is not relevant to the topic or major literature contributions are missing. Post strays from topic with much irrelevant information and does not address the intent of the assignment. No references cited.		midpoint	Posting clearly shows evidence of critical thinking and analysis to a substantial depth expected of a doctoral student. Ideas offered are relevant to the topic and show the ability to extrapolate complex ideas from various sources into a coherent argument or statement(s). Two or more relevant references cited; cited references are appropriate and indicative of the best knowledge on the topic.
Contribution to the learning community	Posting is largely aimed at self-expression without consideration of the reader. There is no room for dialogue or disagreement and no acknowledgment of the potential contributions of others. The posting is a rehash of old ideas without consideration of how these can advise the future. No evidence is found of making the material consumable or reader-friendly.		midpoint	Posting shows an astute awareness of the needs of the learning community with an interest in their growth and knowledge acquisition; attempts to move colleagues into meaningful dialogue and presents creative approaches that are open to discussion. Post contributes to the progression of nursing as a scholarly community but is presented in a clear, enlightening, and engaging way.
Punctuality and timeframes	Posting is late leaving little opportunity for student colleague feedback and interchange.		Midpoint	Posted well before deadline with opportunity for student interaction and feedback.

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center (ADM 230) on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Contract itself, on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar.

Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

The Census Date is the deadline for many forms and enrollment actions of which students need to be aware. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date).
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment.
- Completing the process for tuition exemptions or waivers through Financial Aid.

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date).

Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.
