

Spring 2022

NURS 5347: Internship 1

Your faculty:

Dr. Barbara Chapman, DNP, APRN, FNP-C, EBP-C, NHDP-BE, PMHNP-BC

Phone: 214-259-5917

Email: Bchapman@uttyler.edu

Office Hours: Virtual Office Hours: Tuesday's 7pm-8pm (CST), weekly, and subject to change.

*Best way to contact me is personal email.

Zoom sessions for are on **Tuesday from 7pm-8pm.**

Course Description:

NURS 5347: FNP Internship 1

Duration: 14 weeks | Credit Hours: 3

Provides intensive clinical application of previous didactic content in the population foci. Refinement of clinical expertise and establishment of role identity as an advanced practitioner of nursing are expected outcomes. May take concurrently with NURS 5349.

Prerequisite

NURS 5351, NURS 5353, NURS 5455 AND Admission to MSN FNP program or NURS 5351, NURS 5353, NURS 5455 AND Admission to FNP Cert program

Overview:

This course is designed to provide intensive study of a clinical specialty. Three credit hours of N5347 will meet eligibility requirements for certification as a nurse practitioner. Students spend concentrated time in the clinical setting appropriate to their specialty. Refinement of clinical expertise and *establishment of role identity as an advanced practice registered nurse are expected outcomes*. This course may be taken concurrently with NURS 5349. Prerequisites: 5351, 5353, 5455. Current CPR needed.

OBJECTIVES:

Internship I will focus on preparing you for the elocution of the nurse practitioner role including defining nurse practitioners as a profession, application of nursing process to the NP role, documentation of NP practice, interview processes and contract negotiation.

Upon completing this course, the learner will have demonstrated the ability to:

1. Articulate the role of the nurse practitioner in the health care delivery system using evidence based advanced practice approach that contains both an evaluation/diagnostic and a plan/management protocol.
2. Discuss coding/reimbursement issues related to practice management.
3. Identify business concepts and management strategies related to a variety of practical settings to maintain quality and control costs.
4. Analyze the influence of economics and fiscal policy on resource management and allocation.
5. Successfully develop a full and detailed plan of care on 75% of patients seen.
6. See at least two patients per hour.
7. Assess, plan, manage, evaluate, and revise the care of individuals and families in primary health care settings, referring clients to other health care providers and/or community resources as appropriate.
8. Explore the relationship of the role components critical to primary health care, such as negotiation, collaboration, advocacy, ethics, quality assurance, economics, professionalism, prescribing, and expectations of the nurse practitioner.
9. Use research findings to evaluate the effectiveness of the nurse practitioner in primary health care from various perspectives.

Required Textbooks and Readings:

Author	Title	Ed.	ISBN-13:	Publisher	Required or Recommended
Dunphy, L. et. al	Primary Care: the art and science of advanced practice nursing	5 th ed.	978-0803667181	F. A. Davis Company	Required

Ferri, F.	Ferri's Clinical Advisor	1 st ed.	978-0323755702	Elsevier	Required
Leik, M. (2018).	Family Nurse Practitioner Certification Intensive	4 th Ed.	978-0826163721	Springer Publications	Required
Fitzgerald, M.	Nurse practitioner Certification Examination and Practice Preparation	5 th Ed.	978-0803660427	F.A Davis:	Required
Weinstock, M.; Neides, D	Resident's Guide to Ambulatory Care	5 th Ed	978-890018481	Anadem Publishing	Required
American Psychological Association	Publication manual of the American Psychological Association.	7 th Ed.	978-1433832161	Washington, D.C.	Required

All students are required to have an active InPlace subscription.

Special Course Notes:

- 1) Proctoring Notice: The exams will be live proctored. You will need to have a webcam and microphone. You are not allowed to take your exams in public places or your clinical sites.
- 2) You must make an 80 or above on the Q bank Domain quizzes to submit the results into the class.
- 3) **Course Exams-** you must have an 80% average on the three exams to pass the course.

Alternate Locations of Class: You might be required to come to campus for an immersion experience or OSCE. The rest of this class is online.

INSTRUCTIONAL METHODS

This course is taught in a web-enhanced format with online readings as well as occasional mandatory zoom meetings. You will need a web cam for these Mandatory zoom meetings.

As part of the web-enhanced format you will be expected to be seen and to interact with your instructors and classmates. For any mandatory Zoom sessions, you need to be on zoom and ready by 7pm; class will start promptly. Since class participation is required for certain zoom sessions they will not be recorded. Class interaction is necessary for this course. On Tuesday that are not mandatory you may call in if you have question but are not required to stay for the entire session.

To augment the course additional learning opportunities and resources may be presented. All online learning activities, website media and resource links will be accessed via Canvas or zoom

An essential component of this course is the in-person clinical experience. Clinical practicums with preceptors in a primary care site enhance the application and integration of didactic content and clinical skills. Bring all required reference materials to your clinical site.

At the Practicum level it is expected that while your reference materials should be available you should not need to refer to them for each case. This is especially true of medications. If show up to clinicals unprepared you may receive an unsatisfactory score on your CPE.

You are expected to exemplify the professional role of the nurse practitioner. Dress professionally. Always wear your lab coat with UT Tyler patch on the left upper chest while in the direct patient care setting. Students are expected to wear their lab coats even if the provider the student is precepting with does not wear a lab coat.

READING/TIME FOR COMPLETION OF ASSIGNMENTS

Reading of professional materials (books, journals, etc) are an integral aspect of role development as a nurse practitioner. It is recommended that students spend a minimum of 2 hours daily reading materials related to assigned readings, clinical topics, and professional issues associated with the NP role and competencies. This is a 120 clinical hours 14-week course. This means you will have 11 hours of clinical per week and another 8 hours per week to complete the assignments of this course. You are to use the clinical time to see patients as quickly and efficiently as you can. Clinical time should not be used to enter data into InPlace. This data should be entered in InPlace nightly after you return home from clinical. The actual amount of time will vary from individual to individual.

Each participant is responsible for completing assignments in a timely manner. Written assignments are made with the assumption that required reading assignments will be completed prior to completion of the assignment.

When posting assignments to Canvas you must see the posted assignment in the preview panel to consider your assignment posted. Since unlimited postings is available for all assignments (except quizzes) you may not email your assignment to your faculty it must be upload it into Canvas. Links will be available for 1 week after the due dates.

COURSE ELEMENTS

A student's achievement of the course objectives is evaluated based on the following activities: A successful passage of the CPE/OSCE and completion of all clinical hours is required in order to pass this course regardless of other grades.

Should a student not be successful on a CPE/OSCE, additional hours may be added to this semester in 40-hour increments at the discretion of the faculty.

COURSE EVALUATION

Course Grading Scale: **No rounding will be done.**

- A = 90 to 100%
- B = 80 to 89%
- C = 70 to 79%
- D = 60 to 69%
- F = Below 60%

***APEA PRE-predictor Examination will be given 4 times. Your grade will be the best of the 4 exams. A 70 or higher is an accurate indicator of the National Board passing score. You will take the pre-predictor exam 4 times during the semester and utilize your best score for grading purposes.**

Go to <http://www.apea.com/online-testing-center.html> and select PRE- predictor examinations. Then click on the Family Practice Examinations. The pre-predictor is a 150 question exam. The results will give you rationale for missed questions, detailed score report, identify strengths and weaknesses, and assist you to create a plan of study. The score of the examination will be submitted into gradebook in the assignment link.

Our goal is to make you successful on the certification examinations. You have access to 1200 questions through your Fitzgerald book. Additional review resources are listed under Optional course texts.

Review courses: highly recommended as they help you organize your study and review for boards. Both FHEA and APEA are great companies and have proved track records to help you pass boards. No clinical hours can be awarded for attendance of a live review course.

GRADING ELEMENTS and Course Calendar

Spring 2022 COURSE CALENDAR

GRADING ELEMENTS and Course Schedule NURS 5347 Internship I Fall 2021

Grading Elements:

Pre-Predictor Exam: 10% (Best score of up to 4 attempts)

Clinical Schedule: 2%

SOAP Notes 1-3: 15%

Exam 1: 15%

Exam 2: 15%

Exam 3: 15%

Mid-term CPE by preceptor: 2%

Resume: 3%

Faculty OSCE: 10%

Weekly APEA Domain assignment (minimum submission grade is an 80%)- 5%

Reflective Communication: 2%

Summary of Clinical Hours: 1%

Final Preceptor CPE: 3%

Site Evaluation and Preceptor Evaluation: 2%

Total: 100%

Exam Dates: All exams will be live- proctored or Auto Proctored from 0800-1300.

02/07/22: Exam 1

02/28/22: Exam 2

04/04/22: Exam 3

01/24/22: Pre-predictor #1

03/14/22: Pre-predictor #2

04/11/22: Pre-predictor #3

04/18/22: Pre-predictor #4

OSCE: 03-24-22- IN PERSON on Campus 0800-1700

APEA MATERIAL

1. Go to: <https://apea.com/products/collection/ut-tyler-88/>
 2. Select **UT Tyler Year 2 - Spring** and **Add to Cart**.
 3. Click on your **shopping bag** at the top of the page.
 4. Enter Promo Code: **UTTspr22**
 5. **Your discounted total for the course is \$380.00.**
 6. Log in or create an account using your university email address. Enter your account information, billing information, and payment information. The total for the bundle required by your university is **\$380.00**. This total reflects your discounts.

You must purchase the required materials to receive access. Purchases made after normal business hours (8 am-4:30 pm CST), on weekends or on holidays are processed on the next business day. Courses purchased through our store, (www.apea.com) **do not** satisfy university requirements. Promo code applies to this university purchase only. **You only need to purchase this once in your year two at UT Tyler.** If you purchased this last semester then talk to your faculty before purchasing.

SUBMISSION Into CANVAS

You will need to upload your documents in canvas in ONE CONTINUOUS word, excel, or PDF format document. No JPEG files will be accepted.

You must see the upload in the preview panel to consider your work submitted. There are unlimited attempts for submission allowed on each assignment (except quizzes) to enable you to successfully submit documents. Failure to comply with this submission criteria will result in the work not being eligible for a grade. Late papers are accepted for only five days at a five-point penalty per day late fee. After five days the assignment will not be graded. This course is teaching you endurance stamina required of NPs. This will include submission of documents after a long clinical day. Timely submissions are expected as professional behavior. To stay on track please update your InPlace submissions after each clinical day.

Reflective communication with faculty assignment: Students will be required to submit a reflective communication using the template provided to their respective faculty via the assignment link by the due date. Each item is to be addressed and you will need to reflect on the **NONPF** criteria for NP education to answer the first question. Thoughtful self-reflection comments are expected about each item for maximum points. Comment like I feel better about ... will not earn you credit without more elaboration and application to a clinical event. You cannot say you just feel better about your skills and expect this to be considered a reflective comment. Refer the NONPF competency table that is on your reflective communication assignment link.

Please update all personal information in myuttyler.edu also should there be questions. You can keep your patriots email post-graduation and this is the method of communication I will use should there be questions.

SUMMARY OF CLINICAL HOURS

In addition, **complete the Summary of Clinical Hours form that is located under "Clinical Documents"** (it has blue sections on it) on Canvas at the end of the semester and upload via the assignment icon. **Only hours for this course need be included. You must submit this assignment to complete the course regardless of other assignments. You will need to add the hours in both the columns and the rows of this document.** You will need the preceptors, their credentials and their addresses for completion of certification documents.

CLINICAL EXPERIENCE

You must have your preceptor sign their signature each day you are in clinical. Please use the preceptor signature sheet located under course documents. You will need to prove your InPlace submission hours correlate (match) your preceptor signature sheet. You must add up the time on your preceptor signature sheet and the time on your typhon entries (excluding lunch) and they must correlate.

A minimum of 120 clinical hours is required for satisfactory completion of this course and a total of 675 clinical hours for the entire program. The breakdown of clinical hours for the entire NP program is as follows:

- Pediatrics – 150 hours total
- Women's Health – 75 hours total

- Family Practice – 450 hours total

One half of all hours for the entire program must be completed with an Advanced Practice Nurse. The remainder of your clinical hours may be completed with a physician (MD or DO) or PA.

In order to meet the learning objectives, you may choose to work with physicians, physician assistants, and nurse practitioners at a setting that meets your educational needs for the semester. **Please remember that you are not allowed to do your clinicals where you are employed nor with a relative.** Each course has specific focus for clinicals, and clinical sites/preceptors must be approved by your clinical instructor.

Appropriate clinical attire: All clothing should be clean, pressed, and no frayed hems showing. *Lab coat and ID badge are worn at all times.* Men are to wear button up shirts that are tucked in and a belt. Ties are optional. Ladies are to wear dresses or pants and shirts that do not show cleavage. Running shoes and jeans are unacceptable and may result in dismissal from the clinic for the day. Should a preceptor advise you to wear scrubs then this is permitted only in that preceptor's setting. Scrubs are not the normal wear of NPs in clinics. Remember you are selling yourself as a NP and you need to look the part.

A Preceptor Handbook is available on Mission Possible Canvas for students to give to their preceptors. ***In addition, students are expected to develop specific clinical objectives and provide those to each of your preceptors at the beginning of your clinical rotations.***

Please use the facility agreement and preceptor forms that can be found at the Mission Possible NP Canvas organization. There is a link to these forms on canvas for your convenience under "Important stuff" and then click on the NP clinical link. Forms must include all information in order to be processed.

Up to 60 hours may be obtained (but is not required) through clinical activities obtained with "specialists" ***as approved by your clinical faculty*** for your **whole program** of study. This is designed so you can do a working interview in your last semesters and get clinical credit while doing this. Students should ensure that they complete the required number of hours in women's health and pediatrics for the program. It is possible that a family practice site would satisfy this requirement, if adequate amounts of children and women are seen in the practice. This is not a program requirement but allow students flexibility should they have an area that interests them particularly.

Failure to meet the minimum number of clinical hours as designated here will result in failure of the course, regardless of scores on other course requirements.

CLINICAL PERFORMANCE EVALUATIONS

Students must obtain a passing performance evaluation by the student's faculty member before a grade in the course will be determined. **For this practicum course you are expected to make an appropriate plan of care for 75% of the patients you see in clinical this semester to meet the satisfactory level for this course.** Please see the CPE for specific areas evaluated.

Unsatisfactory clinical performance will result in failure of the course, regardless of scores on other components of the course. Students will be evaluated by their clinical faculty member using several means including, but not necessarily limited to, the following: observation, chart review, discussions with the student's preceptor(s), and review of feedback provided by the preceptor CPEs. Clinical performance requires application of key concepts in providing care to individuals and families as evidenced by documentation in the **Clinical Performance Evaluation by faculty/Preceptor (CPE)**. **TWO** Clinical Performance Evaluations by the preceptor are required for this course – one mid-term and one final evaluation. Students must satisfactorily complete the clinical performance component of the course to be eligible to pass the course. A minimum of one satisfactory CPE from faculty and a minimum of two satisfactory CPE from the preceptor must be completed to provide evidence of satisfactory performance. Failure to complete the clinical component satisfactorily will result in a course failure.

Student times for their CPE/OSCE are assigned and need to be met. In addition, faculty may make unannounced visits to the clinical site or call the preceptor at any time to evaluate a student's progress. Please be sure to keep your faculty person informed of any changes in your clinical time. Should an unsatisfactory CPE/OSCE be documented, a subsequent CPE/OSCE will be needed. The subsequent CPE/OSCEs must demonstrate satisfactory performance in order for the student to pass the clinical portion of the course. Please note the course requirement that ALL site visits (and all clinical hours) must be completed by the last clinical day. **CPE check offs should be scheduled first week of class.**

ATTENDANCE/CLASS PARTICIPATION/PROFESSIONALISM

Graduate students at The University of Texas at Tyler are held to a high standard of professionalism. The UT Tyler student represents not only themselves, but the University as well. Professionalism issues include, but are not limited to the following: 1) timely attendance to zoom or clinical activities (tardiness); 2) appropriate dress and behavior in class and clinical activities (includes turning off cell phones) and appropriate grooming and attire in zooms and in the clinical area); 3) leaving class or clinical area to answer phone or make calls; 4) adherence to the Academic Honesty policy of UT Tyler and course syllabus; 5) repeated absences or tardiness to mandatory zooms or clinical activities; 6) failure to notify the faculty or preceptor about changes in the preceptor agreement; 7) tardiness to the mandatory zooms or clinical site; and 8) failure to adhere to the clinical dress policy. Students are expected to arrive on time to class and to their clinical sites. In addition, students are expected to dress in professional attire and wear a white lab coat with the UT Tyler patch on the left chest and have their student ID badge on.

As adult learners, graduate students are responsible to attend all class required zooms and activities. Students who have emergency situations should contact the course faculty and assigned clinical faculty as soon as possible. Since class attendance is mandatory, missing zooms/class may result in a reduction in the course grade.

Clinical decision-making and diagnostic reasoning must be mastered by the nurse practitioner. The expectation is that students will demonstrate appropriate professional

interaction and discussion of clinical experiences, as well as information from reading/studying didactic information. Lack of student discussion and/or class participation may result in deductions from the course grade.

COMMUNICATION

- **With Preceptors**

Clarity in communication is absolutely critical to the professional role, especially for the advanced practice nurse. Communicate clearly with preceptors about your objectives, learning needs, and clinical hours. Preceptors provide feedback to the student and the faculty about the student's clinical performance.

- **With Faculty**

Regular communication with the clinical faculty is required to review clinical activities, develop on-going objectives, and evaluate clinical progress. Please look at the course calendar to have the right zoom ID meeting codes.

- **On canvas**

Students are to check the Announcements section of canvas **daily** for announcements and new information.

- **Patriot Email**

Students must check their **Patriots email** daily. This is the preferred method of communication by faculty with students. Failure to check your email may result in a lack of feedback regarding course changes and other important information.

ASSIGNMENTS/PROJECTS TURN-IN PROCESS

All assignments and projects will be submitted through the assignment's links in canvas. Use the following process to prepare and submit assignments:

- Prepare your assignment using Microsoft Word. **Name your assignment with the following convention: First initial, Last name, Assignment title, Course Number.**
- Click on "View/Complete Assignment" in the modules overview area or project area
- Number 1-shows the assignment instructions.
- Number 2-is where you add your comments and attach your completed assignment. If there was an exception to any assignment, please put a comment in this assignment comment section.
- Number 3-when all attached files (your completed assignment files) are uploaded, click submit. You need to see the assignment in your preview panel to consider your assignment submitted.

The University of Texas at Tyler requests that students complete a voluntary evaluation of both the faculty and the course which is due by the date in your email from institutional effectiveness. Evaluations are used to make improvements and adjustments in overall learning forums. Your comments and recommendations will be seriously considered as the course is updated. Your input throughout the semester contributes to faculty commitment to continually improve the quality and relevance of this course.

IMPORTANT UNIVERSITY POLICIES

Covid-19

The COVID-19 situation continues to be fluid, with SON and university policies and procedures changing in response. Please keep apprised of the most recent updates through your SON program site in Canvas (<https://www.uttyler.edu/coronavirus/>)

Immunization and Documentation Requirements

Beginning Fall 2017, all students must have all requirements completed in the Castlebranch system before they attend clinical. Failure to produce documentation of met requirements will result in a missed clinical day.

Repeating a Course

Students repeating a course may not use previously submitted assignments in the current course or previous courses nor utilize the same patients for an assignment. Submitting the same or slightly modified assignments from previous semesters is considered self-plagiarism and is subject to academic discipline, including failing the assignment or the course.

UT Tyler Judicial Affairs and Scholastic Dishonesty

UT Tyler Honor Code: I embrace honor and integrity. Therefore, I choose not to lie, cheat, or steal, nor to accept the actions of those who do.

It is the student's responsibility to abide by and be aware of The University of Texas at Tyler's academic dishonesty policies:

<http://www.uttyler.edu/judicialaffairs/scholasticdishonesty.php>

Graduate Nursing Student Handbook

<http://www.uttyler.edu/nursing/college/graduate/documents/graduate-nursing-student-guide.pdf>

It is the responsibility of each graduate nursing student to read the Graduate Nursing Student Handbook. The section for Masters Degree begins on page 29. It is especially important that students be aware of the selected excerpt below regarding program progression:

Progression

MSN requirements for progression include the following:

1. A minimum grade of "B" is necessary in all required courses for the MSN degree. Students have the responsibility of monitoring grades in the course websites in canvas throughout the semester and in communicating with course instructors regarding grade status. **Two course failures will result in dismissal from the program.**
2. Two or more semesters of at least 1 withdrawal per semester; the student must submit an appeal form within 10 business days after the official drop date to the Graduate Advisor if they wish to progress in the program.

3. Core courses must be taken in sequence, as indicated in the U.T. Tyler catalog.
4. Students on conditional admissions status will be granted full acceptance status after the successful completion of designated coursework prior to petitioning the Graduate Advisor for a change in admission status.
5. Nursing courses within the MSN curriculum may be repeated only once. A course withdrawal is counted as one course attempt. Exceptions may be made for extenuating circumstances.
6. Any elective hours may be chosen at the discretion of the student; however, it is recommended that three of those hours be related to the role function.

Revised: Fall 2015

Grade Replacement/Forgiveness and Census Date Policies

Students repeating a course for grade forgiveness (grade replacement) must file a Grade Replacement Contract with the Enrollment Services Center on or before the Census Date of the semester in which the course will be repeated. Grade Replacement Contracts are available in the Enrollment Services Center or at <http://www.uttyler.edu/registrar>. Each semester's Census Date can be found on the Academic Calendar, or in the information pamphlets published each semester by the Office of the Registrar. Failure to file a Grade Replacement Contract will result in both the original and repeated grade being used to calculate your overall grade point average. Undergraduates are eligible to exercise grade replacement for only three course repeats during their career at UT Tyler; graduates are eligible for two grade replacements. Full policy details are printed on each Grade Replacement Contract.

Census Date

The Census Date is the deadline for many forms and enrollment actions that students need to be aware of. These include:

- Submitting Grade Replacement Contracts, Transient Forms, requests to withhold directory information, approvals for taking courses as Audit, Pass/Fail or Credit/No Credit.
- Receiving 100% refunds for partial withdrawals. (There is no refund for these after the Census Date)
- Schedule adjustments (section changes, adding a new class, dropping without a "W" grade)
- Being reinstated or re-enrolled in classes after being dropped for non-payment
- Completing the process for tuition exemptions or waivers through Financial Aid

State-Mandated Course Drop Policy

Texas law prohibits a student who began college for the first time in Fall 2007 or thereafter from dropping **more than six courses** during their entire undergraduate career. This includes courses dropped at another 2-year or 4-year Texas public college or university. For purposes of this rule, a dropped course is any course that is dropped after the census date (See Academic Calendar for the specific date). Exceptions to the 6-drop rule may be found in the catalog. Petitions for exemptions must be submitted to the Enrollment Services Center and must be accompanied by documentation of the extenuating circumstance. Please contact the Enrollment Services Center if you have any questions.

Disability Services

In accordance with federal law, a student requesting accommodation must provide documentation of his/her disability to the Disability Services counselor. If you have a disability,

including a learning disability, for which you request an accommodation, please contact the Disability Services office.

Student Absence due to Religious Observance

Students who anticipate being absent from class due to a religious observance are requested to inform the instructor of such absences by the second class meeting of the semester. At that time the instructor will set a date and time when make-up assignments will be completed.

Student Absence for University-Sponsored Events and Activities

If you intend to be absent for a university-sponsored event or activity, you (or the event sponsor) must notify the instructor at least two weeks prior to the date of the planned absence. At that time the instructor will set a date and time when make-up assignments will be completed.

Social Security and FERPA Statement:

It is the policy of The University of Texas at Tyler to protect the confidential nature of social security numbers. The University has changed its computer programming so that all students have an identification number. The electronic transmission of grades (e.g., via e-mail) risks violation of the Family Educational Rights and Privacy Act; grades will not be transmitted electronically.

Emergency Exits and Evacuation:

Everyone is required to exit the building when a fire alarm goes off. Follow your instructor's directions regarding the appropriate exit. If you require assistance during an evacuation, inform your instructor in the first week of class. Do not re-enter the building unless given permission by University Police, Fire department, or Fire Prevention Services.

Student Services (903) 566-7254

The goal of the Student Services Program is to offer a broad range of interventions that may be used by students who wish to improve their academic performance or by those who are on academic probation.

The Learning Strategies Program offers the Learning and Study Strategies Inventory (LASSI), which helps students identify potential areas of improvement. These areas can range from:

- Study Strategies
- Finding the Main Idea
- Test-Taking Skills
- Test Anxiety
- Note Taking Skills

Once these areas are identified, a counselor will aid the student in creating an individualized program that the student may use to help improve his or her academic performance. The

individualized program may consist of specific study and learning strategies, additional assessment, individual counseling, or referrals to other campus services.

If you experience technical problems or have a technical question about this course, you can obtain assistance by accessing [The UT Tyler Campus Computing Center](#).

Computer Requirements-Minimum hardware requirements and recommended software configurations

These desktop browsers work best with canvas are chrome and firefox.If you have an apple Safari works well.

[You will need a cable internet as dial up will not be fast enough for online courses and test taking.](#)

Email Address Email is a vital communication medium in online learning. It is important that you check your patriots email daily.

Virus Protection It is recommended that you protect your computer from viruses. Keep your antivirus software up to date with the latest virus updates. Antivirus and Personal Firewall products may be available to you for free or at a reduced price through the [Campus Computing Center](#). Check with your ISP, network help desk, or search the Internet for more information and product resources.

Spyware & Adware Protection Spyware and Adware are fast-growing threats that represent a major security and privacy risk. **Spyware** is a program that is installed, with or without the user's permission, and can monitor computer activity while broadcasting the information back to an outside party that controls the program. **Adware** displays unwanted advertising to your computer, can track your Web surfing habits and report it back to a central advertising server. It can slow your PC to a crawl by bombarding it with unwanted ads. Spyware and Adware removal tools and protection may be obtained through the [Campus Computing Center](#) or online resources.

Canvas live 24 /7 assistance is in the canvas course in the blue bar in the left hand side of your screen. From there you can live chat or use a guide. There is also a number you can call 24/7 and they will help you with canvas technical problems. Use their assistance for technical problems as they will know better than the faculty of the course how to navigate you to the solution.

Getting IT Help – available 24/7 to students -If you are having technical problems (other than canvas), please contact the Campus Computing Center:

University Policies and Information

Withdrawing from Class:

Students you are allowed to [withdraw](#) (drop) from this course through the University's [Withdrawal Portal](#). Texas law prohibits students who began college for the first time in Fall 2007 or thereafter from dropping more than six courses during their entire undergraduate career. This includes courses dropped at other 2-year or 4-year Texas public colleges and universities. Make sure to consider the impact withdrawing from this class has on your academic progress as well as the financial implications. We encourage you to consult your advisor(s) and financial aid for additional guidance. CAUTION #1: Withdrawing before census day does not mean you get a full refund. Please see the [Tuition and Fee Refund Schedule](#). CAUTION #2: All international students must check with the [Office of International Programs](#) before withdrawing. All international students are required to enroll full-time for fall and spring terms.

Final Exam Policy:

Final examinations are administered as scheduled. If unusual circumstances require that special arrangements be made for an individual student or class, the dean of the appropriate college, after consultation with the faculty member involved, may authorize an exception to the schedule. Faculty members are required to maintain student final examination papers for a minimum of three months following the examination date.

Incomplete Grade Policy:

If a student, because of extenuating circumstances, is unable to complete all of the requirements for a course by the end of the semester, then the instructor may recommend an Incomplete (I) for the course. The "I" may be assigned in lieu of a grade only when all of the following conditions are met: (a) the student has been making satisfactory progress in the course; (b) the student is unable to complete all course work or final exam due to unusual circumstances that are beyond personal control and are acceptable to the instructor; and (c) the student presents these reasons prior to the time that the final grade roster is due. The semester credit hours for an Incomplete will not be used to calculate the grade point average for a student.

The student and the instructor must submit an Incomplete Form detailing the work required and the time by which the work must be completed to their respective department chair or college dean for approval. The time limit established must not exceed one year. Should the student fail to complete all of the work for the course within the time limit, then the instructor

may assign zeros to the unfinished work, compute the course average for the student, and assign the appropriate grade. If a grade has not been assigned within one year, then the Incomplete will be changed to an F, or to NC if the course was originally taken under the CR/NC grading basis.

Grade Appeal Policy:

UT Tyler's Grade Appeal policy requires the completion of a Grade Appeal form for this action to take place. The grade appeal begins with the instructor of your course. If you do not agree with the decision of the instructor, you may then move your appeal to the department chair/school director for that course. If you are still dissatisfied with the decision of the chair/director, you may move the appeal to the Dean of the College offering that course who has the final decision. Grade appeals must be initiated within sixty (60) days from the date of receiving the final course grade. The Grade Appeal form is found on the [Registrar's Form Library](#).

Disability/Accessibility Services:

The University of Texas at Tyler has a continuing commitment to providing reasonable accommodations for students with documented disabilities. Students with disabilities who may need accommodation(s) in order to fully participate in this class are urged to contact the Student Accessibility and Resources Office (SAR) as soon as possible to explore what arrangements need to be made to ensure access. If you have a disability, you are encouraged to visit the [SAR Portal \(https://hood.accessiblelearning.com/UTTyler/\)](https://hood.accessiblelearning.com/UTTyler/) and complete the New Student Application. For more information, please visit the [SAR webpage](#) or call 903.566.7079.

Military Affiliated Students:

UT Tyler honors the service and sacrifices of our military affiliated students. If you are a student who is a veteran, on active duty, in the reserves or National Guard, or a military spouse or dependent, please stay in contact with me if any aspect of your present or prior service or family situation makes it difficult for you to fulfill the requirements of a course or creates disruption in your academic progress. It is important to make me aware of any complications as far in advance as possible. I am willing to work with you and, if needed, put you in contact with university staff who are trained to assist you. Campus resources for military affiliated students are in the [Military and Veterans Success Center \(MVSC\)](#). The MVSC can be reached at MVSC@uttyler.edu, or via phone at 903.565.5972.

Academic Honesty and Academic Misconduct:

The UT Tyler community comes together to pledge that "Honor and integrity will not allow me to lie, cheat, or steal, nor to accept the actions of those who do." Therefore, we enforce the [Student Conduct and Discipline policy](#) in the Student Manual Of Operating Procedures (Section 8).

FERPA:

UT Tyler follows the Family Educational Rights and Privacy Act (FERPA) as noted in [University Policy 5.2.3](#). The course instructor will follow all requirements in protecting your confidential information.

COVID Guidance

Information for Classrooms and Laboratories:

Students are required to wear face masks covering their nose and mouth, and follow social distancing guidelines, at all times in public settings (including classrooms and laboratories), as specified by [Procedures for Fall 2020 Return to Normal Operations](#). The UT Tyler community of Patriots views adoption of these practices consistent with its [Honor Code](#) and a sign of good citizenship and respectful care of fellow classmates, faculty, and staff.

Students who are feeling ill or experiencing symptoms such as sneezing, coughing, or a higher than normal temperature will be excused from class and should stay at home and may join the class remotely. Students who have difficulty adhering to the Covid-19 safety policies for health reasons are also encouraged to join the class remotely. Students needing additional accommodations may contact the Office of Student Accessibility and Resources at University Center 3150, or call (903) 566-7079 or email saroffice@uttyler.edu.

Recording of Class Sessions:

Class sessions may be recorded by the instructor for use by students enrolled in this course. Recordings that contain personally identifiable information or other information subject to FERPA shall not be shared with individuals not enrolled in this course unless appropriate consent is obtained from all relevant students. Class recordings are reserved only for the use of students enrolled in the course and only for educational purposes. Course recordings should not be shared outside of the course in any form without express permission.

Absence for Official University Events or Activities:

This course follows the practices related to approved absences as noted by the Student Manual of Operating Procedures ([Sec. 1-501](#)).

Absence for Religious Holidays:

Students who anticipate being absent from class due to a religious holiday are requested to inform the instructor by the second class meeting of the semester.

Campus Carry:

We respect the right and privacy of students who are duly licensed to carry concealed weapons in this class. License holders are expected to behave responsibly and keep a handgun secure and concealed. More information is available at <http://www.uttyler.edu/about/campus-carry/index.php>.
