Course Description: This course is an exploration of the nurse educator role in structuring teaching strategies that assure effective individual and group learning, safe clinical practice, and a commitment to lifelong learning. Practicum hours may focus on pre-licensure nursing education in an academic setting and/or staff development in an acute care setting.

Prerequisites: NURS 5328 or enrolled in the PhD in Nursing program

Student Learning Outcomes:

Upon successful completion of this course, the student will be able to:

1. Apply concepts of role theory to the advanced practice roles of nurse educators including teaching, service, and scholarship.
2. Demonstrate the ability to integrate nursing education theories and teaching/learning strategies to facilitate students' assimilation of knowledge and safe clinical practice.
3. Use established and innovative educational processes to design, implement, and evaluate educational offerings, which incorporate the promotion of critical thinking and creative use of resources.
4. Apply theories, principles, and strategies of teaching and learning in ways that meet the needs of diverse learning styles.
5. Analyze current health care, nursing, and nursing education issues, trends, and standards for relevancy to nurse educator roles.
6. Collaborate with a member of the health care team outside of the discipline of nursing

Practicum Outcomes

1. The student verbalizes a comprehensive understanding of nurse educator roles and shows the ability to prioritize key role aspects.
2. The student consistently role models and teaches safe and effective clinical practice for students learning professional nursing.
3. The student structures, implements, and evaluates an effective teaching plan, level-appropriate for students in the course led by the teacher.
4. The student incorporates innovative teaching strategies which encourage active and effective student learning.
5. The student evaluates how nursing education collaborates with and contributes to current trends in health education and nursing practice.
6. The student facilitates the integration of the undergraduate student as a safe practitioner with critical thinking and clinical skills.

Grades will not be rounded when calculating the average (79.5 is not rounded to 80, and 89.5 is not rounded to 90). Students are required to achieve an average of 80% (B) to complete the course successfully.

Academic Integrity: Cheating of any kind, as defined in Section 8 of the UT Tyler Manual of Policies and Procedures (MOPP) for Student Affairs (<https://www.uttyler.edu/mopp/>), will not be tolerated. Consequences may include:

- reprimand
- exam failure
- course failure
- expulsion from the Nursing program
- expulsion from the University
- other consequences as assigned

Exam and homework materials, questions, and problems are the intellectual property of faculty, UT Tyler, or publishers.

- These materials may not be distributed without permission.
- Distributing or uploading them to online resources destroys the integrity of the assignment and the course, allowing others an unfair advantage by letting them view the materials.
- Uploading these materials to online resources is a violation of UT Tyler's academic misconduct policies and may result in formal conduct charges.
- Sanctions for uploading or otherwise divulging the contents of these materials can include:
 - a reduced or failing grade on an assignment
 - a reduced or failing grade for the course
 - removal from the Nursing program
 - removal from UT Tyler

Late Policy: 5% will be deducted each day an assignment is past due unless prior arrangements have been made with your course faculty. Extenuating circumstances may apply.

Repeating a Course: Students repeating this course may not use previously submitted assignments nor utilize the same patients for an assignment. Submitting the same or slightly modified assignments from previous semesters is considered self-plagiarism and is subject to academic discipline, including failing the assignment or the course.

Attendance and Make-up Policy: Attendance/participation is expected. Make-up for exams, quizzes, assignments, and missed clinical time is at the instructor's discretion.

Graded Course Requirements Information:

Failing a Student: Small group discussion board. A survey of articles about failing students will be examined and peer reviews of critiques will take place.

Canvas Course: Students will design a canvas course.

Teaching Plan and Teaching Documentation: Preparation and documentation of teaching activities in the academic or staff development setting.

Clinical Plan and Clinical Documentation: Preparation and documentation of clinical activities in the academic setting.

Evaluation Assignments: Dependent on practicum site and can include

Exam Administration and Analysis: Participate in giving an exam and completing analysis of results.

Student Coaching: Observe the preceptor counseling a student who did poorly on the exam, and if possible complete coaching session.

Staff Development Evaluation of learning: Describe and analyze the learning and evaluation process in the staff development setting.

IPE assignment: Explores interprofessional education and allows the student to reflect on an IPE experience.

Please Note: Detailed information along with grading rubrics for course assignments will be provided in Canvas.

Clinical Course Requirements Information:

Practicum hours will be completed in an academic pre-licensure RN program. An optional staff development educator experience at a clinical facility is available. A total of 112.5 hours is required for successful completion of the practicum. Details for opportunities and requirements are located in canvas.

UT Tyler School of Nursing Justice, Equity, Diversity and Inclusion Statement:

The University of Texas at Tyler School of Nursing aspires to create, foster, and sustain a culture of justice, equity, diversity, and inclusion irrespective of one's identity. We value and embrace all backgrounds, experiences, and identities, realizing that no one group, person or perspective has all the answers. We are richer when our individual skills, knowledge, experiences, cultures, backgrounds, and identities are combined in an accepting community. We strive to ensure that every individual gets a fair and equal chance to participate and thrive in a nurturing environment where all feel a sense of belonging. We are committed to intentionally and deliberately creating a diverse community that instills a sense of equitable justice and belonging for everyone affiliated with our school.
