To progress in the ADN-BSN track, completion of each ADN level must be provided at the end of each semester. If unsuccessful or withdrawn from ANY course within the ADN or BSN degree plan, the UTT academic advisor must be notified immediately. A student is not eligible to continue in the ADN-BSN track and will be withdrawn to focus on ADN program completion. Any BSN credits completed can be applied toward UT Tyler's online RN-BSN track once the student obtains an ADN degree and RN license.
