

Dear Chaperone:

Thank you for volunteering your time to spend the day visiting The University of Texas at Tyler with your students. No matter what the activity while on campus, active and enthusiastic chaperones are an important part of the visit experience for each student. Please review the items below before your visit to our campus; your assistance will help our staff make your group's visit a success! We look forward to meeting you!

- Chaperones are responsible for their group and are to accompany their group throughout the campus visit. It is the responsibility of the teachers and chaperones to maintain order while on campus.
- No matter what your activity, it will go more smoothly if your group is attentive to those working with your group during your activities. Please help us by ensuring that students are listening, and participating, so everyone may enjoy the campus visit experience.
- In many cases, tour guides will be working with your group. These tour guides are currently enrolled undergraduate students, and are excellent sources of information about UT Tyler. Encourage your students to ask questions about UT Tyler and college life in general. We have provided a questionnaire for the students to complete during the tour.
- Finally, our campus is home to many of our students. Please ensure that your group helps us preserve our beautiful campus.

We hope that your experience at The University of Texas at Tyler will be interesting and exciting for you, as well as for the students. With your help, it will be a great day!
