in today's workshop:

The University of Texas at  
**TYLER**

# Agenda

- Importing a Survey (bonus learning!)
- Distribution Methods
  - In-Line Questions
  - Additional Tools/Features
  - Reminders/Thank You
  - Tracking Respondents
- Creating Workflows
- Questions

# Creating Workflows - Terms

- **Workflows:** Allow you to trigger tasks based on various events. For both the inciting event and the resulting task, you have a lot of options, most of which are inside the Qualtrics platform and some of which are outside.
  - An **EVENT** starts a workflow
  - **CONDITIONS** use logic to decide when workflows are triggered (begin)
  - **TASKS** are the outcomes that are triggers in response to the event and/or conditions being met

# Questions

# Resources

- [Qualtrics XM Basecamp](#)
  - Provides free on-demand training
- [Qualtrics Communities](#)
  - Commonly asked and answered questions from the regular to the obscure.
  - Answers provide full, complete, and reproducible information
